## Strategic report

The directors present their strategic report for the year ended 31 December 2023.

### Principal activities

AMA Corporation Plc is a company (“Company”) engaged in the holding of and management of business activities of AMA Group (“Group”). The main activities are the research on and development of remote assistance and videoconference solutions and management of intellectual property rights of the companies, and the supervision of the various activities operated by the companies held by AMA Corporation Plc.

The main activities of the Group’s investments are the development of software and the integration of systems for collaborative work, providing advanced, highly-secure remote solutions for connected devices. AMA Group’s XpertEye suite provides assisted reality, dynamic workflow management, dynamic online scheduling and planning and AI integrations. Combined with smart glasses or other video sources (endoscope, microscope, dermatoscope, etc.), these innovative solutions enable experts and on-site technicians to share data and knowledge in real time, making remote support easier and more effective for users. They meet an increasing need for smart workplace transformation in companies seeking to boost productivity and competitiveness in a wide range of areas such as remote support, training, testing and healthcare.

The consolidated financial statements show a loss for the period after taxation amounting to €(8,075)k (2022: €(21,387)k).

The Group consolidated financial position at the end of the period and trading results for the period are shown in the attached financial statements on pages 32 and 30 respectively.

### Recent events and outlook

#### Global Context

In 2020, AMA experienced a robust growth of over 264%, indicating a significant expansion in the market for remote collaboration among field professionals. This trend was supported by research studies, such as the one conducted by IDC, which projected a \$34 billion augmented reality market by 2024. To maintain its competitive edge and capitalize on this promising market, AMA made substantial investments in 2021 and listed on Euronext Growth Paris in July (GB00BNKGZC51 – ALAMA) of the same year to secure necessary funds for expansion. Furthermore, it hired many employees to support growth in this high-potential market.

However, in late 2021 and throughout 2022 and 2023, the global economic climate began to tighten due to factors such as supply chain issues, inflation, and geopolitical risks. Consequently, potential clients and existing customers have been taking longer to make investment decisions, leading to a significant downward revision of AMA's growth projections. This situation is not unique to AMA and is impacting other players in the assisted reality market as well.

## Strategic report (continued)

### Recent events and outlook (continued)

In response, in June 2022, AMA launched a comprehensive cost-saving plan to reduce its investments and adjust its cost structure to align with the market's size and evolution. As a result, the company has reduced its headcount from 184 at the beginning of 2022 to 80 employees at the end of 2023. This reduction in payroll allowed to save €3.7 million in 2023 in personnel expenses. These cost reductions are expected to pave the way for profitability, and AMA aims to achieve profitability by 2027.

In 2023, AMA also took a strategic technological turn by integrating Artificial Intelligence into its R&D investments, thanks in particular to the partnership established with Ariann (Advanced Research In Artificial Neural Networks Inc), a sister company of AMA, specialized in Artificial Intelligence research since 2017. The integration of AI is set to revolutionize how data from XpertEye sessions, including video, sound, images, and chat messages, is synthesized, presented, and securely stored. Highly beneficial across various sectors, including manufacturing, pharmaceutical, audit, and healthcare, AI promises to enhance efficiency, knowledge sharing, and decision-making processes.

#### Other significant events of the period:

- AMA Corporation Plc has increased its shareholding in AMA Xperteye Inc of €3k.
- On 12 June 2023, AMA launched a capital increase on Euronext Growth of an amount of €7,999k.
- On 27 June 2023, AMA has completed its fund raising of €7,999k by issuing 30,769,230 new ordinary shares with a nominal value of £0.125, at the price of €0.26 per share. GUILLEMOT BROTHERS SAS subscribed to this capital increase in AMA Corporation Plc for a number of 30,682,640 new shares, increasing its stake in AMA from 34.38% before this capital increase to 72.15% after the transaction.
- On August 31, 2023, AMA Corporation Plc obtained B Corp certification, in recognition of its commitment to sustainability, social responsibility and business ethics.
- On 24 March 2023, the company established a stock option plan that represented 5% of AMA's share capital at the time. These stock options had a six-year lifespan and were exercisable at a price of €0.35 two years after their issuance, contingent upon meeting a condition of ongoing employment.
- On 31 December 2023, AMA Corporation Plc waved part of its loan granted within the scope of the loan agreement dated January 1st, 2019 to AMA SA, amounting to €2,247k in order to improve the financial position of AMA SA for the fiscal year 2023.

## Strategic report (continued)

### Business performance and key performance indicators

#### Key Performance Indicators (“KPIs”)

The Key Performance Indicators used by the Board to assess the performance of the business are listed below and discussed in the Strategic Report.

Year ended 31 December		2023	2022	% change
Order Book (€ 000)	(1)	2 491	2 265	10%
Software part in Revenue (%)	(2)	68%	63%	8%
Client Number (no)	(3)	454	497	-9%
New clients (no)	(4)	104	119	-13%
Churn on client number (%)	(5)	30%	23,0%	31%
Churn on Revenue PY (%)	(6)	9,0%	7,9%	13%
Average Annual Revenue (€ 000)	(7)	6,6	8,4	-22%
AAR on existing clients (€ 000)	(8)	7,2	9,8	-26%
AAR on new clients (€ 000)	(9)	4,7	4,1	15%

(1) Revenue signed but not yet recognised because: (i) The equipment is not delivered yet or (ii) revenue is recognised on the duration of the contract (for licences, Pilots or Services) - see note 7.1 in consolidated financial statements

(2) Part of revenue linked to software licences on the global revenue.

(3) Number of clients who generated some revenue in the year.

(4) Number of clients who generated some revenue in the year, and not in the precedent years.

(5) Number of clients who didn't generate revenue in the year on the total prior year client number.

(6) Prior year revenue of clients who didn't generate revenue in the year on the the total prior year revenue.

(7) Total Revenue on total client number.

(8) Average Annual Revenue for the existing clients. Existing clients are the clients who generated revenue the precedent year, compared to the total average annual revenue of all the clients of prior year to see the evolution on the same clients.

(9) Average Annual Revenue for the new clients who are the client who didn't generate revenue the precedent year.

## Strategic report (continued)

### Consolidated Income Statement (continued)

#### Revenue evolution

##### Revenue Evolution (at constant rate)

	2023	2022	% change
Q1	€ 0.8 M	€ 1.1 M	-26%
Q2	€ 0.9 M	€ 1.0 M	-16%
Q3	€ 0.7 M	€ 1.1 M	-37%
Q4	€ 0.7 M	€ 1.0 M	-34%
<b>Total</b>	<b>€ 3.0 M</b>	<b>€ 4.2 M</b>	<b>-28%</b>

The Group recorded €3.0 million of revenues in 2023, compared with €4.2 million in 2022.

Against the economic and geopolitical backdrop of 2023, customers were cautious in their digital transformation investments. Even so, the Group begins 2024 with an order book of €2.5 million, 10% higher than last year.

AMA has worked with over 450 customers (vs. 490 in 2022). Churn (attrition rate) is limited to 9% of sales, reflecting the continued loyalty of major customers in various sectors, such as Alstom, Merck, Boehringer Ingelheim, KPMG, Michelin, Solvay, AkzoNobel, Konica Minolta, Sodexo and numerous medical institutions.

#### Product Mix evolution

##### Product Mix Evolution

	2023	2022	% change
Software	€ 2.0 M	€ 2.6 M	-23%
Hardware	€ 0.7 M	€ 1.1 M	-34%
Pilots	€ 0.0 M	€ 0.2 M	-89%
Services	€ 0.2 M	€ 0.3 M	-21%
<b>Total</b>	<b>€ 3.0 M</b>	<b>€ 4.2 M</b>	<b>-28%</b>

The share of revenue linked to Software reached 68% of revenues over the period (vs. 63% in 2021), for a total amount of €2.0 million. The share of hardware revenue represents 25% of 2023 revenues, compared to 27% the previous year.

With software margins at over 98% and hardware margins lower than 25%, the shift in product mix towards more software has a positive mechanical effect on margin improvement.

Software revenues were boosted by the launch at the end of the 1st half of 2023 of the "Enterprise Model", an offer featuring license packages and volume pricing, facilitating the adoption of XpertEye solutions.

## Strategic report (continued)

### Order Book

At the end of 2023 the Order book amounted to €2.5 million. It corresponds mainly to revenue signed but not yet recognized on the software part, which is subscribed for commitments from 12 to 36 months, commitments which are accounted for over time. The Order book is higher 10% compared to December 31, 2022 (€2.3 million at that date). This trend reflects the favorable reception of the Enterprise model, the new commercial offering launched in the first half of 2023, which features license packages and volume pricing, facilitating the adoption of XpertEye solutions.

### Evolution of the client portfolio

In 2023, the Group had 454 customers, of which 104 were new. During the year, the Group was able to retain its key clients and won new customers. The churn rate is to 9% of the 2022 revenue and corresponds mainly to "small customers" representing an average of €2.5k of revenue per customer.

### Sales evolution by geographic area

The decline in activity was observed in all regions, except for Asia which remained stable. Europe and France continued to be the main contributors to revenues, representing 77% and 54% of 2023 revenues respectively.

### Profitability analysis & Payroll

The company recorded an operating loss of €8,075K for the year, marking an improvement from the €12,370K loss in 2022. This improvement is primarily attributed to a comprehensive cost reduction strategy implemented across the board.

Initiated in June 2022, our global cost-cutting measures effectively reduced overall expenses, including a notable 37% decrease in personnel costs—from €10,159K in 2022 to €6,436K in 2023. Similarly, other purchases and external expenses were cut by 27%, from €3,870K in 2022 to €2,876K in 2023. The decline in amortization of property, plant, equipment, and intangible assets results from our strategic decision, as of the second half of 2022, not to capitalize R&D costs in alignment with IAS 38. This decision also contributed to a reduction in "Other Income."

The "Non-current operating expenses" in 2022 included a depreciation charge of €7,396K on R&D intangible assets as per IAS 36 (refer to note 7.5) and €999K in costs associated with the Group's restructuring plan.

After accounting for net financial gains of €50K and a tax charge of €30K, the total loss for the year for the Group stands at €8,075K.

## Strategic report (continued)

### Consolidated Income Statement (continued)

The table below summarizes the group headcounts per department:

Employees (including external staff)

	31 12 2023	31 12 2022	Gap	Contrib.	31 12 2021
R&D	19	20	-1	24%	69
Sales & Marketing	36	39	-3	45%	64
Cyber, IT, supply chain	14	18	-4	18%	35
G&A	11	10	1	14%	16
<b>Total</b>	<b>80</b>	<b>87</b>	<b>-7</b>	<b>100%</b>	<b>184</b>

#### Research and Development costs

The Group invested an amount of €2,234k in R&D in 2023 (compared to €5,172k in 2022)

These R&D costs have been expensed in 2023 and not capitalized considering that the capitalization criteria under IAS 38 were not met.

The Group decided in 2022 to depreciate R&D costs capitalized in the precedent years for an impact of €7.4 million in the 2022 net result. (See note 11.3 in the consolidated accounts)

### Consolidated balance sheet

Total consolidated assets amounted to €12,753 k.

Consolidated non-current assets amounted to €1,626k at the end of 2023, compared to €2,056k at the end of 2022, and are mainly composed of Right-of-use assets (in accordance with IFRS 16)

Consolidated Current assets, for an amount of €11,126k are mainly constituted by cash, amounting to €9,390k.

The total shareholders' equity was €5,708K as of December 31, 2023. This figure includes a capital increase of €7,816K, which has partially offset the year's loss of €8,075K.

Financial debts were reported at €2,852K, showing a decrease of €652K compared to the end of 2022, attributed to the repayment of loans.

## **Strategic report (continued)**

### **Consolidated Income Statement (continued)**

#### **Consolidated Cash-Flow**

For the fiscal year ending December 31, 2023, the Group's gross cash position stood at €9,390K, reflecting an increase of €757K from the previous year's end.

In terms of cash flow from operating activities, the Group utilized €5,790K, marking an improvement from €10,519K expended in the prior year. The Group also recorded positive cash inflow from investing activities, a reversal from a €1,239K outflow in 2022, bolstered by interest received on investments.

Financing activities generated a cash inflow of €6,461K, primarily due to a capital increase of €7,816K, offset by the repayment of loans.

As of April 2024, the Group has maintained financial flexibility, with available unused credit lines totaling €12m.

## **Strategic report (continued)**

### **Environmental, Social, and Governance (ESG) Overview**

#### *Employee Wellbeing and Inclusion*

AMA has steadfastly improved employee wellbeing and diversity within our workforce. By the end of 2023, gender balance was achieved with women representing 36.84% of our workforce, reflecting our commitment to equality. Additionally, our efforts have increased the proportion of senior employees (aged 50 and above) to 9.21%, demonstrating our value of experienced professionals. We've embraced remote working, with 100% of our employees now able to work from home, ensuring flexibility and support during the ongoing global adjustments post-COVID-19.

#### *Professional Development*

AMA has achieved a 100% participation rate in professional development activities in 2023, significantly enhancing our workforce's skills and job satisfaction. This commitment is underpinned by offering every employee the opportunity to engage in at least one training activity per year, fostering a culture of continuous learning and improvement.

#### *Community Engagement and Social Responsibility*

Our community engagement initiatives have included substantial support for local and global causes. For instance, our employees have actively participated in blood donation drives and environmental marathons, underscoring our commitment to health and environmental sustainability. AMA has also launched a sexism prevention initiative, achieving a significant milestone by becoming a signatory to the #StOpE initiative, aimed at combating ordinary sexism in the workplace through mandatory e-learning for all employees.

#### *Anti-corruption Initiatives*

In 2023, AMA rigorously advanced our anti-corruption strategies by maintaining strict policies on gifts and invitations, ensuring transparent and accountable interactions. We also conducted detailed risk assessments across all subsidiaries, reinforcing our commitment to a corruption-free environment. This year's efforts are crucial steps toward achieving full employee sensitization to our anti-corruption policies by 2024, aligning with our overarching goal of ensuring ethical practices across our global operations.

### **Climate-Related Financial Disclosures**

#### *Governance of Climate-Related Issues*

At the executive level, AMA's governance structure has integrated climate-related risks and opportunities into our strategic planning and risk management frameworks. Our CSR Director, alongside dedicated environmental committees, regularly reviews our climate strategies to align with global best practices and regulatory expectations.

## **Strategic report (continued)**

### **Climate-Related Financial Disclosures (continued)**

#### *Risk Management and Strategy Adaptation*

AMA actively manages climate risks through a robust framework that includes the adoption of the XpertEye technology, which reduces the need for travel by facilitating remote collaboration. This has not only led to significant reductions in our carbon footprint—amounting to 4,418 tonnes of CO<sub>2</sub> equivalent avoided in 2023—but also positioned us as a leader in sustainable business practices within our industry.

#### *Metrics and Targets*

We have set clear environmental targets as part of our commitment to transparency and accountability. AMA aims to reduce GHG emissions by 42% by 2030 from a 2020 baseline. In 2023, we continued to make strides towards this goal, with ongoing monitoring and reporting mechanisms in place to track our progress. Additionally, our waste reduction initiatives have led to a 35% decrease in waste production and a 14% increase in recycling rates, highlighting our commitment to operational sustainability.

#### *Impact and Opportunities*

AMA's strategic use of digital solutions not only mitigates our environmental impact but also offers substantial economic and operational efficiencies for our clients. Our proactive approach to ecological challenges and opportunities is demonstrated by our internal campaigns like the annual 'AMA Sustainability Days', which raise awareness and educate our staff on sustainable practices.

### **Commitment to Broader Sustainability Goals**

#### *B Corp Certification*

In 2023, AMA proudly achieved B Corp certification with a score of 80.3, recognizing our commitment to social and environmental performance. This score reflects our efforts in employee welfare, environmental impact, and community engagement, validating our operations and business model's positive impact. As part of a global community of companies using business as a force for good, this certification not only boosts our reputation but also aligns us with sustainable business practices. Our ongoing commitment to improvement ensures AMA continues to meet B Corp standards and strive for higher achievements in corporate responsibility.

#### *Science Based Targets Initiative*

Our engagement with the Science Based Targets initiative includes specific commitments to reduce Scope 1 and 2 GHG emissions by 42% by 2030. Additionally, we are actively working to address Scope 3 emissions, involving our entire supply chain in our efforts to combat climate change. This comprehensive approach ensures that AMA not only meets but exceeds our environmental responsibilities.

## Strategic report (continued)

### Risks and uncertainties

The Group has performed a review of the key risks which could have a significant adverse impact on its activities, its financial standing or its results. The Group has not identified any other significant risks other than those detailed below.

Principal risk are indicated by (\*)

### Risks linked to sectors of activities

#### Technological risk (\*)

The Group is a publisher and supplier of software solutions associated with video tools and dedicated to the connected work solutions market. The markets in which the Group operates are marked by rapid technological change, the rapid obsolescence of existing technologies and frequent new product launches. As a result, the Group's offering must constantly be adapted to meet the complex needs of its customers operating in different industries. In addition, the software published by the Group must constantly adapt to the evolution and lifecycle of the hardware supports as well as those of the interfacing with the third-party systems used by the customers. The evolution of one or more hardware components may also make it necessary to update the software published by the Group. In order to maintain its competitive position, the Group must be able to anticipate technological developments and rapidly evolving standards and norms and enhance the functionality of its existing products to meet the demands of its customers, such as the use and development of Artificial Intelligence (AI) tools. It shall as well be able to design, develop, improve and market new products in a timely and cost-effective manner. The Group's future development and revenue streams therefore depend to a large extent on the financial and human resources allocated to research and development activities. The newly developed solutions may not be the most suitable for the needs of customers, particularly in terms of their evolution over time, and may not allow the synergies expected by the Group. The Group could fall behind in its developments and arrive on the market with an obsolete technology or one in which one of its competitors is already very well established, or develop products based on standards or platforms that would not ultimately be those chosen by its customers. The development costs could also be too high in relation to the price at which the Group might wish to market its products. As new mobile terminals, new platforms and new connected objects are developed, the Group could likewise encounter difficulties in developing new solutions adapted to these terminals, platforms and objects. If the Group is unable to respond appropriately to these situations, this would have an adverse effect on the Group's business, revenues, results, financial condition, prospects and development.

#### *Risks relating to the continuity of the Group's software.*

The software developed and marketed by the Group may be subject to errors, defects and bugs that must be corrected within the timeframes and conditions stipulated in the contracts concluded with its customers. In the event of a failure in the performance of service levels and response times, the Group could incur contractual liabilities and could be required to incur additional costs necessary to correct such anomalies. In addition, any failure in the performance of its services carries a reputational risk with customers.

## **Strategic report (continued)**

### **Risks and uncertainties (continued)**

#### *Risks related to technological developments*

Finally, the Group is exposed to the risk of inadequacy of the existing infrastructure in the face of an increase in user flows. During 2023, the Group has focused on the availability of its dedicated and scalable servers, most particularly Microsoft Azure. This focus will continue in 2024. The information systems management, operations and research and development teams are working together to automate the automatic resizing of resources to meet customer demand. Pending this automation, daily monitoring of platform usage is carried out, and resource adjustments are made directly by the operations information systems department.

#### **Cybersecurity risk (\*)**

The Group's activities are largely dependent on computerized facilities and data in digital format. It is therefore not technically possible to guarantee the error-free, uninterrupted operation and availability or absolute security of its information systems and solutions. Due to the nature of its activities, the Group is exposed to the risk of various types of IT incidents that could lead to the accidental or voluntary disclosure of confidential and/or business secret information. Incidents may be of internal origin (including non-compliance with internal security policies by the Group's staff) or external (cyber attacks, attempted phishing, intrusion into information systems, etc.). In some cases, these IT incidents may also result in a breach of personal data within the meaning of the regulations applicable in this area. In addition, the development of the Group's security technologies and products depends on the general development of the market for security solutions for networks and connected objects, on its acceptance by users and on customer demand. Due to its rapid growth, the Group has equipped itself with computerized solutions that enable it to respond rapidly to the needs of the Group's various core businesses. The security policy applied to user accounts makes it possible to reduce or even cancel the risks associated with this segmentation.

Additional security risks may exist and apply to the Group, particularly in the context of the use of external hosting platforms (e.g. cloud), and given that most of the solutions developed by the Group use the cloud. As a result, the Group is exposed to the risks of failure of the external hosting provider. The Group has taken out the necessary cybersecurity insurance policies to cover such risks, particularly for the research and development subsidiary and the subsidiary in charge of network and IT security.

## **Strategic report (continued)**

### **Risks and uncertainties (continued)**

#### **Procurement risks (\*)**

##### *Dependence upon certain suppliers*

The Group may be exposed to a situation of dependence on certain suppliers or subcontractors, in particular with regards to the Company's research and development activities. The products delivered to the Group by its suppliers may not meet the Group's needs for its operations, both in terms of quantity and quality, or may not comply with legislative or regulatory or contractual requirements. The Group is therefore exposed to a risk of supply disruption from its suppliers that could significantly affect the Group's business even if contractual clauses and redundancy guarantee the Group against this eventuality. The Group is also exposed to the risk of losing orders, suffering a delivery default or delay, seeing price variations affect components, and suffering an increase in working capital requirements, even if certain contractual clauses guarantee against this eventuality. Finally, the Group could find itself in a situation where, in the event of insufficient access to immediately available products, it would have to obtain supplies from non-certified or limited-certified suppliers in the relevant markets. Furthermore, products that were previously certified may no longer be certified in the future. In this case, the Group will have to adapt and may distribute products in a given market only to the extent that they are certified in that market.

##### *Industry competition risk*

The Group operates in the new technologies market and more specifically in the connected work solutions market. The use-cases for the solutions proposed by the Group are various and the competitors are numerous, operating in a large number of different activities, such as remote assistance, remote training, inspection, telemedicine, video-conferencing, instruction, etc.

This market is highly competitive. This competition is following an exponential trend and could see the arrival of new technologies and new players with large resources, a reputation and a customer base sometimes larger than that of the Group.

If the Group is unable to remain competitive with its current or future competitors, or if it is confronted with competitors who are more successful, particularly because of their size or the resources they are able to mobilize to develop new solutions and/or pre-empt new markets, this will adversely affect its market share, turnover, results, financial situation, prospects and development.

## **Strategic report (continued)**

### **Risks and uncertainties (continued)**

#### **Financial risks**

##### *Transfer pricing policy rules*

The Group is subject, also due to its international activity, to transfer pricing rules, which can be particularly complex and give rise to divergent interpretations between the jurisdictions in which the Group is established. The absence, inadequacy or evolution of its transfer pricing policy as well as changes in tax regulations, or in their interpretation, could have a material adverse effect on the Group's tax position, its effective tax rate or the amount of taxes and other compulsory levies to which it is subject, as well as on its reporting obligations.

A challenge to its tax position by the relevant authorities could result in the Group paying additional taxes, potentially significant reassessments and penalties, or increasing the cost of its products or services in order to pass on these taxes, which could have a material adverse effect on its business, results, financial condition and prospects.

Therefore, in order to limit such impacts, the Group endeavors to monitor and anticipate the risks of changes in tax rules, tax rates or regulations, particularly in terms of transfer pricing, with the assistance of specialised tax firms. The loss position limits this risk at the present time.

#### **Legal risks (\*)**

##### *Intellectual property*

The Group's business and success are dependent on the software solutions it develops and owns. Its technology is protected through a combination of intellectual property rights, primarily copyrights, trademarks and domain names. The Group's software is made available through contracts under which the Group or its subsidiaries grant their customers a right to use the software, via transferable user licences to end users, without the right to reproduce, modify or adapt the software and, more generally, without transferring ownership and intellectual property rights relating to the software, with the exception of the assignment of intellectual property rights granted to certain customers over the results obtained and/or generated by the use of the software under the licence.

The Group relies, to a large extent, on the exclusive exploitation rights conferred by its intellectual property and, in particular, the copyrights on the software it develops. The Group's commercial success and viability in the medium and long term will depend on its ability to develop products protected by its own copyrights that do not conflict with copyrights held by third parties. As trademarks are important elements for the identification of the Group's products, trademarks were filed, registered, and when necessary renewed in France (INPI), China (CNIPA/TMO), Hong Kong (The government of the Hong Kong Special Administrative Region), the European Union (EUIPO), the United Kingdom (IPO), the United States of America (USPTO) as well as in Australia (WIPO). The issue of software copyrights or trademarks is also closely and globally monitored by AMA.

## **Strategic report (continued)**

### **Risks and uncertainties (continued)**

However, the Group may not be able to obtain, maintain or fully protect, for each of its rights, the scope of protection (particularly in terms of geographical coverage or coverage of products and services) adequate to ensure a competitive advantage. The costs related to its defense or to the payment of damages and interest in the event of an unfavorable outcome for the Group may have negative consequences on the Group's activities and financial standing.

#### *Use of open source and availability of source code*

The use by the Group of open source components may represent (i) an operational and commercial risk depending on the type of open source components integrated and the conditions and limitations provided for in the corresponding license and (ii) a legal risk in the event of compulsory disclosure of the source code related to the open source component modified and improved by the Group or in the event of non-compliance with the conditions imposed by each open source license, in particular in terms of distribution and subsequent marketing.

The open source components used by the Group (i) are not directly related to the "core business" solutions as developed and marketed by the Group and made available to customers and (ii) are limited to bricks that are easily and technically replaceable, without impacting the continuity of the Company's or its subsidiaries' activities.

In addition, the Group is exposed to a known and current risk of default and contractual liability under a guarantee granted to a recurring customer on the absence of recourse to open source components and software as part of the products and services provided by the Group to this customer.

Finally, in the event of bankruptcy, change of principal activity or cessation of business of the Group, certain contracts concluded with its customers and/or suppliers grant the customer and/or supplier a right to access the source code filed by the Company with the Agency for the Protection of Programs ("APP") in order to ensure only the continuity of their services for the duration of the contract.

#### *Risks related to the protection of personal data*

The Group operates in a market that continues to see a strengthening of the applicable regulations on the protection of personal data, which has resulted in the effective implementation of a global compliance program, monitoring of this compliance and adaptation to changes in the requirements imposed by the applicable regulations.

Despite these efforts, the Group remains exposed to the risk of complaints and legal action by third parties, control by the competent authorities and sanctions, including financial sanctions, which may be made public and which may result in reputational risk for the Group.

Given the location of some of its service providers acting as subcontractors, the Group is currently exposed to the risk of non-compliance of certain transfers of personal data outside the European Economic Area with the requirements arising from the RGPD reinforced by the "Schrems II" ruling of the Court of Justice of the European Union ("CJEU") of 16 July 2020.

## **Strategic report (continued)**

### **Risks and uncertainties (continued)**

With more international regulations regarding the protection of personal information with China's PIPL in November 2021 and SCCs in February 2023, Japan's amended APPI in April 2022, the update by the European Commission of the GDPR's SCCs in December 2022, and the tightening of Iso27001 measures pertaining to the protection of personal data, the Group also has to adapt its privacy policy on a global scale.

#### *Risks related to the use and development of Artificial Intelligence (AI) tools*

In 2023, the Group's R&D and IT teams also concentrated on the development of AI products. The Group has had to adapt to new technologies in order to answer its customers' demands and to always keep up with the market and its competitors. The Group's software will therefore have to evolve accordingly and face the technological and technical difficulties linked to AI implementation, such as the continued protection of personal data, the dependence upon suppliers and use of open source code, as well as forming and retaining its key employees. Furthermore, the Group will also have to remain attentive to the evolving regulation on AI, knowingly the implementation of an AI Act in the EU.

#### **Risks linked to key personnel and recruitment (\*)**

Since 2022, the Group has had to slow down its growth in personnel cutting about 80 positions globally and assessing the renewal of some functions. The Group is focused on key teams and personnel in order to enable it to be more agile and benefit from adapted resources. The Group is in competition with other companies to retain such talents and may not be able to retain them. This inability could limit or delay the operation of its technological platform or prevent the development or marketing of its products and thus have a significant adverse effect on the Group, its business, results, prospects, ability to achieve its objectives, financial situation and/or development.

#### **Risks linked to inflation**

The global situation following the 2020/2021 Covid crises, closely followed by the 2022 Ukraine conflict has induced a change in economic and social conditions, consumer and professionals demand, and permanent reduction in the value of assets. Inflation may undermine the real value of cash flows and investment's returns through a decline in purchasing power.

## Strategic report (continued)

### Section 172 Statement

In accordance with the Companies Act 2006 (Act), the Directors are required by law to act in good faith to promote the success of the Group for the benefit of the shareholders as a whole and are also required to have regard to the following:

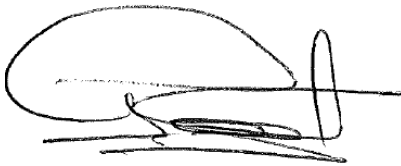

- The likely long-term consequences of any decision:  
Strategic Report: Recent events and outlook, pages 4 to 6;
- The interests of the Group's employees:  
The Board has a good relationship with the Group's employees and maintains constructive dialogue through members of the executive team. Appropriate remuneration and incentive schemes are maintained to align employees' objectives with those of the Group. The Group's first commitment in its Corporate Social Responsibility action plan is to care about employees' well-being and be aligned with values such as team spirit, agility and passion.
- The need to foster the Group's business relationships with suppliers, customers and others:  
Strategic Report: Procurement Risks, page 13;  
The Group endeavours to maintain good relationships with its suppliers and customers by contracting on fair business terms and responding promptly to inquiries. One of the Group's values is also to remain customer-centric in order to deliver on time and on cost. Furthermore, customers and suppliers were involved in the Group's CSR consultation. The Group's CSR team, upon decision of the Board, takes it upon itself to contact employees but also suppliers and customers (stakeholders) for a CSR evaluation, the aim being to ensure that the Group's commitments on the CSR strategy are well known and respected: (1) promote the well-being of employees, (2) improve the environmental impact of our value chain, (3) federate and engage responsibly and ethically with stakeholders, and (4) facilitate professionals' lives in the field by offering innovative solutions. Feedback from stakeholders enables the Board to set up a materiality matrix, a tool that makes it possible to identify and prioritize the issues that are most important to and will benefit the Group and its stakeholders.
- The impact of the Group's operations on the community and the environment:  
The Group's commitment to its stakeholders has been fairly taken into account with a determined "raison d'être" (purpose) centred on stakeholders and the environment "Enhance professionals' life while preserving the planet". Since 2021, the Group also has been taking part in a carbon footprint assessment which was a starting point to build our climate strategy. Therefore, the Group commits, through the recognised framework Science Based Targets, to reduce CO2 emissions from scope 1 and 2 by 42% by 2030. This is in line with the Paris Agreement that 175 countries signed with the aim of maintaining the world temperatures under 1.5°C. Finally, one of the aims of the XpertEye solution is to allow stakeholders to reduce their carbon footprint by avoiding excess travel. The Group's CSR actions and engagements can be found on the website: <https://www.amaxperteye.com/csr/>

## **Strategic report (continued)**

### **Section 172 Statement (continued)**

- The desirability of the Group to maintain a reputation for high standards of business conduct:  
The Board recognises the importance of maintaining high standards of business conduct. The Group operates a Code of Conduct applicable to its employees, suppliers and customers, directors and executive officers. The Group also ensures its suppliers' ethical and fair practices.
- The need to act fairly between shareholders of the Group:  
The Board endeavours to treat its shareholders equally and to make significant efforts to ensure effective engagement with both institutional and private shareholders.

By order of the board

A handwritten signature in black ink, appearing to read 'Christian Guillemot', with a large, sweeping initial stroke.

**Christian Guillemot**

Director

24 April 2024

## Directors' report

The Board of Directors present their directors' report and the financial statements of the Group for the year ended 31 December 2023.

### Proposed dividend

No dividends were distributed in 2023 (2022: €0k). The Strategic Report provides details of the Group's performance in the year and its expectations for 2024.

### Directors

The directors who held office during the whole year were Christian Guillemot, Claude Guillemot, Gerard Guillemot, Michel Guillemot, Yves Guillemot, Etienne Guillemot, Pascale Laverriere, Nami Itoh and Christine Chan.

### Going Concern

The financial statements have been prepared on a going concern basis. In adopting the going concern basis, the directors have considered the business activities as set out in the Strategic report on pages 4 to 10, the financial position of the Group, its cash flows, liquidity position and borrowing facilities as set out in the Consolidated Financial Statements on pages 30 to 85, the Group's principal risks and uncertainties as set out on pages 11 to 16.

At the end of December 2023, the Group had available liquidity of €9.4m and undrawn credit lines of €12m in April 2024.

After making different scenario and forecasts on the level of activity and revenues due to the uncertainties linked to the risks described on pages 11 to 16, and especially the technological risk, the directors believe that the Group is well placed to manage its financing and other significant risks satisfactorily and that the Group will be able to operate within the level of its facilities for the foreseeable future, being a period of at least 12 months from the approval of the financial statements.

In addition to the base case scenario, the directors reviewed two further scenarios as part of its going concern assessment. The first scenario would assume that the Group wouldn't succeed to renew with growth and would just maintain the same level of revenue for 2024 and 2025 as 2023 at about €3m. The least favourable second case scenario, which is not considered likely but however included in the assessment, assumes a revenue for 2024 and 2025 equivalent to the backlog known at the end of march 2024. In those two scenarios, recruitment would be frozen and the second one would also lead to other operational costs savings of 10% allowing the Group to continue its business for at least the next 12 months from the approval of the financial statements with its financial resources (cash and credit lines).

Given the availability of credit facilities, which are not subject to covenants and are guaranteed by Guillemot Brothers SAS or secured by the pledge of Guillemot Corporation SAS shares, the directors have determined it to be appropriate for the Group to prepare its financial statements on a going concern basis.

## Directors' report (continued)

### Going Concern (continued)

In the longer term, in the base case scenario; the Group forecasts anticipate generating the first positive cash-flows during 2028 and estimates negative cash-flows of €(21.5)m over the next five years. To support this requirement, the objective of the Group is to maintain the level of credit lines around €12 m, guaranteed by Guillemot Brothers SAS or pledged securities from Guillemot Corporation, all three of these companies being related parties. Furthermore, the Group intends to investigate in a few years, the use of factoring of trade receivables, or will potentially look to raise funds via convertible bonds or an increase in capital.

### Future developments and Research and Development Activities

Future developments and the Group's approach on research and development activities are discussed in the Strategic Report on pages 4 to 18.

### Financial Instruments

Details of the use of financial instruments by the Group are contained in note 21 of the consolidated financial statements.

### Post Balance Sheet Events

In January 2022, the company established a stock option plan that represented 5% of AMA's share capital at the time. These stock options had a six-year lifespan and were exercisable at a price of €2.03 two years after their issuance, contingent upon meeting a condition of ongoing employment. On January 8, 2024, the Board of Directors, acting in accordance with section 16.2 of the plan, ratified a revision of the stock options' pricing. This adjustment involved issuing new options to supersede the original ones, aimed at maintaining their motivational value by lowering the exercise price from €2.03 to €0.21. This revision affected 878,500 stock options, which accounted for 1.7% of AMA's share capital. The financial impact recognized in January 2024 under IFRS 2 for this revision is estimated to be approximately €100,000.

The conflict in Ukraine, which broke out in February 2022, is a subsequent event that has not led to any adjustments to the financial statements for the year ended 31 December 2023. The Group estimates that this conflict has limited impact on its activity as it doesn't trade with companies in Russia, Belarus or Ukraine, doesn't have subsidiaries or assets in Russia, Belarus or Ukraine, and is not linked with organisations or individuals under sanctions. Consequently, balance sheet assets and liabilities and income statement income and expenses as at 31 December 2023 were recognised and measured without the need to take this event or its consequences into account.

### Disclosure of information to auditors

Macalvins LLP was appointed as the statutory auditor during the year. The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Group's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Group's auditor is aware of that information.

By order of the board, 24 April 2024

Christian Guillemot - Director

## **Statement of directors' responsibilities in respect of the annual report and the financial statements**

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the UK.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period. In preparing each of the group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable, relevant and reliable;
- state whether they have been prepared in accordance with IFRSs as adopted by the UK;
- assess the group and parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the group or the parent company or to cease operations or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

## Independent auditor's report to the members of AMA CORPORATION Plc

### Opinion

We have audited the financial statements of AMA Corporation Plc (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2023 which comprise the consolidated income statement, the consolidated statement of comprehensive income, the consolidated balance sheet, the consolidated statement of changes in equity, the consolidated cash-flow statement, the parent company statement of financial position, the parent company statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies.

The financial reporting framework that has been applied in the preparation of the group financial statement is applicable law and UK-adopted international accounting standards. The financial reporting framework that has been applied in the preparation of the parent company financial statements is applicable law and United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice) and as applied in accordance with the provisions of the Companies Act 2006.

In our opinion:

- the financial statements give a true and fair view of the state of the group's and of the parent company's affairs as at 31 December 2023 and of the group's loss for the year then ended;
- the group financial statements have been properly prepared in accordance with UK-adopted international accounting standards;
- the parent company financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, as applied to SME listed entities and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our audit procedures to evaluate the directors' assessment of the group's and the parent company's ability to continue to adopt the going concern basis of accounting included but were not limited to:

- Undertaking an initial assessment at the planning stage of the audit to identify events or conditions that may cast significant doubt on the group's and the parent company's ability to continue as a going concern;
- Evaluating the directors' method to assess the group's and the parent company's ability to continue as a going concern;

- Reviewing the directors' going concern assessment, which incorporated severe but plausible scenarios;
- Evaluating the key assumptions used and judgements applied by the directors in forming their conclusions on going concern including the review of the cashflow forecasts prepared and obtaining the supporting documentation on credit lines available; and

**Independent auditor's report to the members of AMA CORPORATION Plc (continued)**

- Reviewing the appropriateness of the directors' disclosures in the financial statements.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group's and the parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

We have reviewed the statement in respect of Going Concern in the Directors' Report on page 19. The Group has multiple credit facilities available to it in addition to existing cash reserves and accordingly we consider the going concern basis to be appropriate.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

**Key audit matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<b>Key audit matter</b>	<b>Procedures performed to address matter</b>
<p><b>Revenue Recognition</b> AMA Corporation PLC (the Group) has reported revenues of €3.0m (2022: €4.3m). The main revenue streams are software service access rights, along with maintenance, technical support and hosting services. Accordingly, there is a risk that revenue is recognised at an incorrect invoice/contract amount, is not recorded in the appropriate accounting period (cut-off) and nor is in line with the provisions of IFRS 15.</p>	<p><b>Walkthroughs, substantive testing, controls and cut-off</b></p> <ul style="list-style-type: none"> <li>• Performing test of details of revenue recognised during the year to ensure that revenue is recorded as per the contract fair value price, recognised in a manner that reflects the way in which performance obligations are fulfilled and in line with the provisions of IFRS 15.</li> <li>• Reviewing design and implementation of the key controls in operation</li> <li>• Identifying and investigating manual journal entries posted to revenue.</li> </ul> <p><b>Disclosures</b> We reviewed the adequacy of the Group's disclosures relating to revenue recognition</p>

	including critical accounting estimates and judgements.  <b>Conclusions</b> No material issues were noted.
<b>Going concern</b>	See section of Audit Report “Conclusions relating to going concern”
<b>Management override of controls</b>	See section of Audit Report “Auditor’s responsibilities for the audit of the financial statements”

### Our application of materiality and an overview of the scope of our audit

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and on the financial statements as a whole. Based on our professional judgement, we determined materiality for the financial statements as a whole as follows:

#### Group materiality

Overall materiality	€250k
Benchmark applied	1.5% of total assets (based on June 2023 interim results)
Rationale for benchmark	<p>The Group is still at an early stage of development and therefore the users are likely to be less focused on profit indicators such as PBT and EBITDA.</p> <p>We have set materiality close to the mid-range of our benchmark for total assets on the following considerations – the company has only recently listed in July 2021; the group structure is not unduly complex and the consolidation process is straightforward and contains no complex journals.</p> <p>In addition, management have the appropriate experience and qualifications for this size of entity.</p>
Performance materiality	<p>Performance materiality is set to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements in the financial statements exceeds materiality for the financial statements as a whole.</p> <p>We set performance materiality at €175k, which represents 70% of overall materiality</p>

Triviality threshold	We agreed with the directors that we would report to them misstatements identified during our audit above €12.5k as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.
----------------------	---

### Parent company materiality

Overall materiality	€171k
Benchmark applied	1.5% of total assets (based on June 2023 interim results)
Rationale for benchmark	<p>The Group is still at an early stage of development and therefore the users are likely to be less focused on profit indicators such as PBT and EBITDA.</p> <p>We have set materiality close to the mid-range of our benchmark for total assets on the following considerations – the company has only recently listed in July 2021, the group structure is not unduly complex and the consolidation process is straightforward and contains no complex journals.</p> <p>In addition, management have the appropriate experience and qualifications for this size of entity.</p>
Performance materiality	<p>Performance materiality is set to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements in the financial statements exceeds materiality for the financial statements as a whole.</p> <p>We set performance materiality at €120k, which represents 70% of overall materiality</p>
Triviality threshold	We agreed with the directors that we would report to them misstatements identified during our audit above €8.5k as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

As part of designing our audit, we assessed the risk of material misstatement in the financial statements, whether due to fraud or error, and then designed and performed audit procedures responsive to those risks. In particular, we looked at where the directors made subjective judgements, such as assumptions on significant accounting estimates.

We tailored the scope of our audit to ensure that we performed sufficient work to be able to give an opinion on the financial statements as a whole. We used the outputs of our risk assessment, our understanding of the group and the parent company, their environment, controls, and critical business processes, to consider qualitative factors to ensure that we obtained sufficient coverage across all financial statement line items.

Our group audit scope included an audit of the group and the parent company financial statements. Based on our risk assessment, AMA Corporation Plc, AMA Inc and AMA GMBH, were subject to either full scope audit or specific audit procedures performed by the group audit team. AMA SA, AMA China and AMA HK were subject to full scope audits performed by local auditors. Entities subject to analytical review procedures were determined to be quantitatively and qualitatively immaterial to the group audit. The table below summarizes the group audit scope:

<b>Corporate Entity</b>	<b>Approach</b>
AMA CORP	Full audit
AMA INC	Specific audit procedures
AMA SRL	Analytical review procedures
AMA GMBH	Specific audit procedures
AMA UK	Analytical review procedures
AMA HK	Full audit - Local auditor
AMA CHN	Full audit - Local auditor
AMA SA	Full audit - Local auditor
AMA CANADA	Analytical review procedures
AMA ITALY	Analytical review procedures
AMA JAPON	Analytical review procedures
AMA ESPAGNE	Analytical review procedures

At the parent company level, the group audit team tested the consolidation process and carried out analytical procedures to confirm our conclusion that there were no significant risks of material misstatement of the aggregated financial information.

#### **Other information**

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

In light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of Directors**

As explained more fully in the directors' responsibilities statement set out on page 21, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the group and the parent company and their industry, we considered that non-compliance with the following laws and regulations might have a material effect on the financial statements: employment regulation, anti-money laundering regulation and Euronext Growth Market regulation.

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect to non-compliance, our procedures included, but were not limited to:

- Inquiring of management and, where appropriate, those charged with governance, as to whether the group and the parent company is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- Inspecting correspondence, if any, with relevant licensing or regulatory authorities;
- Communicating identified laws and regulations to the engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- Considering the risk of acts by the group and the parent company which were contrary to applicable laws and regulations, including fraud.

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as tax legislation and the Companies Act 2006.

In addition, we evaluated the directors' and management's incentives and opportunities for fraudulent manipulation of the financial statements, including the risk of management override of controls, and determined that the principal risks related to posting manual journal entries to manipulate financial performance, management bias through judgements and assumptions in significant accounting estimates, in particular in relation to research and development costs capitalized and to impairment of non-current assets, revenue recognition (which we pinpointed to the cut-off) and significant one-off or unusual transactions.

Our audit procedures in relation to fraud included but were not limited to:

- Making enquiries of the directors and management on whether they had knowledge of any actual, suspected or alleged fraud;
- Gaining an understanding of the internal controls established to mitigate risks related to fraud;
- Discussing amongst the engagement team the risks of fraud; and
- Addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud rests with management. As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.

The risks of material misstatement that had the greatest effect on our audit are discussed in the "Key audit matters" section of this report.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

### **Use of the audit report**

This report is made solely to the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body for our audit work, for this report, or for the opinions we have formed.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 1. Presentation of the Group

AMA Corporation PLC ("the Company") is domiciled in the United Kingdom. The Company's registered office is located Flat 3-2 Cresswell Gardens, London, SW5 0BJ. The consolidated financial statements comprise those of the Company and its subsidiaries (together referred to as "the Group").

The Group is a software developer and systems integrator for collaborative work, providing advanced, highly-secure remote solutions for connected devices. The Group's XpertEye suite provides augmented reality, dynamic workflow management, and dynamic online scheduling and planning. Combined with smart glasses or other camera sources (endoscope, microscope, dermatoscope, etc.), these innovative solutions enable experts and on-site technicians to share data and knowledge in real time, making remote support easier and more effective for users. They meet an increasing need for smart workplace transformation in companies seeking to boost productivity and competitiveness in a wide range of areas such as remote support, training, testing and healthcare.

### 2. Basis for preparation

#### 2.1. Statement of compliance

The Group financial statements for the year ended 31 December 2023 have been prepared in accordance with UK-adopted International Accounting Standards (IFRSs). The Company has elected to prepare its parent company financial statements in accordance with FRS 101; these are presented on pages 86 to 101.

#### 2.2. Changes in accounting standards

The following new standards, amendments to standards and interpretations have been applied to the consolidated financial statements as of December 31, 2023:

- Amendments to IAS 8 – Definition of Accounting Estimates,
- Amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2 – Disclosure of Accounting Policies
- Amendments to IAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction
- Amendments to IAS 12: International Tax Reform Pillar Two Model Rules

At the date of authorization of these financial statements, the Group has not applied the following new and revised IFRS Accounting Standards that have been issued but are not yet effective:

- Amendments to IAS 1 - Classification of liabilities as current or non-current (applicable to accounting periods beginning on or after January 1, 2024),
- Amendment to IFRS 16 - Lease Liabilities under Sale and Leaseback Transactions (applicable to annual periods beginning on or after January 1, 2024),
- Amendments to IAS 7 and IFRS 7 - Vendor Financing Arrangements (applicable to accounting periods beginning on or after January 1, 2024, subject to EU approval),
- Amendments to IAS 21 - lack of Exchangeability (applicable to accounting periods beginning on or after January 1, 2025, subject to EU approval).

The Group does not expect that the adoption of the Standards listed above will have a material impact on the financial statements in future periods.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 2.3. Use of judgements and estimates

In preparing these consolidated financial statements, management has made judgements and estimates that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expenses.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively. Estimates may be revised if the circumstances on which the estimate was based change and new information is provided. Actual values may differ from estimates if assumptions or conditions change. The impact of changes in estimates is recognised prospectively. Consequently, a change in conditions may lead to different estimates in the Company's financial statements in the future.

#### *Judgments*

Information on the judgments relating to accounting policies with the most significant impact on the amounts recognised in the consolidated financial statements is included in the following notes:

Note 7.1 – Revenue recognition: determining performance obligations and the timing for recognising the revenue allocated to each

Note 11 – Development costs: determining whether capitalization criteria were met

Note 12 – Lease term: determining whether the Group is reasonably certain to exercise renewal options.

#### *Assumptions and uncertainties relating to estimations*

Information on the assumptions and uncertainties relating to estimations entailing a significant risk of material adjustments to the carrying amount of assets and liabilities for the year ended 31 December 2023 is included in the following notes:

Note 7.4.3. – Measurement of the obligations relating to defined benefit plans: estimate of main actuarial assumptions (discount rate, salary increase rate and mortality rate)

Note 7.4.4. – Share-based payment: determining the fair value of free preference shares based on a discounted cash flows, main assumptions being the discount rate, the long-term growth rate and other key operational assumptions

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Notes 9.3 and 9.4. – Recognition of deferred tax assets: availability of future taxable profit based on business plans against which it is possible to use tax losses carried forward and deductible temporary differences

Note 11.3 – Impairment tests: main assumptions in order to measure the recoverable amounts

Note 12. – Leases: main assumptions, in particular discount rates and lease terms

Note 14. – Inventories and work in progress: estimates of inventory impairment, based on a case-by-case analysis of inventories to determine whether they are obsolete

Note 18. – Provisions and contingent liabilities: provision estimates (number of Google Pixel telephones and estimated purchase costs).

### 2.4. Functional and presentation currency

The consolidated financial statements are presented in euros, which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

### 2.5. Foreign currencies

#### 2.5.1. Foreign currency transactions

Transactions denominated in foreign currencies are translated into the respective functional currencies of Group companies using the exchange rates effective at the transaction dates. The functional currency of Group entities is their local currency, except in the case of the holding company AMA Corporation Plc whose functional currency is the euro.

Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to the functional currency at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at historical cost are translated to the functional currency at foreign exchange rates ruling at the dates the transaction occurred.

#### 2.5.2. Foreign operations

The assets and liabilities of foreign operations are translated into euros at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into euros at the exchange rates at the dates of the transactions. Foreign currency differences are recognised in Other Comprehensive Income (OCI) and accumulated in the translation reserve, except to the extent that the translation difference is allocated to Non-Controlling Interests.

### 2.6. Basis of measurement

The consolidated financial statements have been prepared on a going concern basis under the historical cost convention, as modified by the revaluation of financial assets and liabilities at fair value through profit and loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 3. Significant events of the period

In 2023:

- AMA Corporation Plc has increased its shareholding in AMA Xperteye Inc of €3k.
- On 12 June 2023, AMA launched a capital increase on Euronext Growth of an amount of €7,999k.
- On 27 June 2023, AMA has completed its fund raising of €7,999k by issuing 30,769,230 new ordinary shares with a nominal value of £0.125, at the price of €0.26 per share. GUILLEMOT BROTHERS SAS subscribed to this capital increase in AMA Corporation Plc for a number of 30,682,640 new shares, increasing its stake in AMA from 34.38% before this capital increase to 72.15% after the transaction.
- On 24 March 2023, the company established a stock option plan that represented 5% of AMA's share capital at the time. These stock options had a six-year lifespan and were exercisable at a price of €0.35 two years after their issuance, contingent upon meeting a condition of ongoing employment.
- On 31 December 2023, AMA Corporation Plc waved part of its loan granted within the scope of the loan agreement dated January 1st, 2019 to AMA SA, amounting to €2,247k in order to improve the financial position of AMA SA for the fiscal year 2023.
- The provision for employment safeguard plans has been partially reversed for €27k, of which €18k was used. A provision of €8k has been maintained 31 December 2023 to cover the costs of employees leaving the Group in 2024.

In 2022:

- AMA Corporation Plc subscribed to a capital increase in AMA SA of €7,700k. This operation resulted in an increase in its equity interests in AMA Research & Development, AMA Operation and AMA l'Oeil de l'expert Canada.
- The Group has subscribed to two financial debts for €2,000k and €600k with respectively BPI and Credit-Cooperatif in order to fund research & development costs.
- The Group has begun to implement a cost reduction plan in the first half of 2022. Subsidiaries have cancelled some office leases and have planned to reduce the number of staff. That's the reason why, a restructuring provision of €894k has been recorded.
- The conflict in Ukraine, which broke out in February 2022, has limited impact on the activity of the Group as it does not trade with companies in Russia, Belarus or Ukraine, it does not have subsidiaries or assets in these countries, and it is not linked with organisations or individuals under sanctions.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 4. Subsequent events

In January 2022, the company established a stock option plan that represented 5% of AMA's share capital at the time. These stock options had a six-year lifespan and were exercisable at a price of €2.03 two years after their issuance, contingent upon meeting a condition of ongoing employment.

On January 8, 2024, the Board of Directors, acting in accordance with section 16.2 of the plan, ratified a revision of the stock options' pricing. This adjustment involved issuing new options to supersede the original ones, aimed at maintaining their motivational value by lowering the exercise price from €2.03 to €0.21. This revision affected 878,500 stock options, which accounted for 1.7% of AMA's share capital. The financial impact recognized in January 2024 under IFRS 2 for this revision is estimated to be approximately €100 k.

On January 24, 2024, AMA Corporation Plc's wholly-owned Italian subsidiary, AMA Xperteye SRL, underwent liquidation. This action was carried out as part of the group's restructuring strategy initiated in 2022 and had no notable impact on the Group's consolidated financial position.

### 5. Consolidation scope

#### 5.1. Accounting policies relating to the consolidation scope

##### Consolidation of subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has power over an entity, is exposed or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements as of the date control is obtained and ends when control ceases.

All balance sheet assets and liabilities, transactions and income and expense relating to intercompany transactions are eliminated (except for gains or losses resulting from transactions denominated in foreign currencies).

#### 5.2. Consolidation scope

The consolidated companies are as follows:

Company Name	Country	Business activity	31 Dec. 2023			31 Dec. 2022		
			Percentage interest	Percentage control	Consolidation method	Percentage interest	Percentage control	Consolidation method
AMA CORPORATION	UK	Parent company	Parent company	Parent company	FC	Parent company	Parent company	FC

*FC: fully consolidated*

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 5.3. Changes in consolidation scope

The impact of changes in non-controlling interests, while retaining control, are recognized in equity as indicated below:

2023 :

- In 2023, AMA Corporation Plc has increased its shareholding in AMA XPERTEYE Inc for €3k. This operation resulted in an 0,7% increase in its equity interests.
- Excepted this additional equity interest, there was no change in the consolidation scope during the first half of 2023

2022 :

- On 21 January 2022., AMA Italy was created.
- On 14 June 2022, AMA Corporation Plc subscribed to a capital increase in AMA SA of €7,700k. This operation resulted in an increase in its equity interests in AMA Research & Development, AMA Operations and AMA l'Oeil de l'expert Canada (9.99%).
- On 1 November 2022, AMA SA, AMA Research & Development merged into AMA SA. This operation has no impact on financial consolidated statements.
- In 2022 the Group acquired the following additional equity interests:
  - o 2.9% in AMA Xperteye Inc.
  - o 3.56% in AMA Xperteye Srl.
  - o 0.65% in AMA Xperteye GmbH
  - o 1.2% in AMA Xperteye Ltd (in the United Kingdom)
  - o 14.27% in AMA SA

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 5.4. Non-controlling interests

Changes in the Group's equity interests in a subsidiary that do not result in a loss of control are recognised as equity transactions.

The following table provides a summary of information relating to Group subsidiaries with significant non-controlling interests after eliminating intercompany transactions:

31 Dec. 2023	AMA SA	Other distribution subsidiaries	Total
<b>Percentage non-controlling interests</b>	<b>1%</b>	<b>(e.g. 69% - 100%)</b>	
Non-current assets	1 428	169	1 598
Current assets	9 438	913	10 351
Non-current liabilities	2 839	19	2 859
Current liabilities	920	593	1 513
<b>Net assets</b>	<b>7 107</b>	<b>470</b>	<b>7 577</b>

Other comprehensive income	(10)	(10)	(20)
<b>Profit / (loss) and other comprehensive income</b>	<b>(3 000)</b>	<b>26</b>	<b>(2 974)</b>
Net profit / (loss) allocated to non-controlling interests	(42)	4	(38)

31 Dec. 2022	AMA SA	Other distribution subsidiaries	Total
<b>Percentage non-controlling interests</b>	<b>1%</b>	<b>(e.g. 69% - 100%)</b>	
Non-current assets	1 759	258	2 017
Current assets	9 552	1 024	10 576
Non-current liabilities	3 257	100	3 357
Current liabilities	(2 053)	738	(1 315)
<b>Net assets</b>	<b>10 107</b>	<b>445</b>	<b>10 552</b>
Net assets attributable to non-controlling interests	63	55	117
Revenue	2 060	2 044	4 104
Profit / (loss) for the year	(808)	64	(743)
Other comprehensive income	44	7	51
<b>Profit / (loss) and other comprehensive income</b>	<b>(763)</b>	<b>71</b>	<b>(692)</b>
Net profit / (loss) allocated to non-controlling interests	(11)	8	(3)

The US and German subsidiaries are the most significant entities included within "Other distribution subsidiaries".

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 6. Segment information

#### 6.1. Operating segments

In accordance with IFRS 8, an operating segment is a component of an entity:

- that engages in business activities from which it may earn revenues and incur expenses;
- whose operating results are regularly reviewed by the entity's chief operating decision maker;
- for which discrete financial information is available.

The Group's chief operating decision maker refers to the members of the Executive Committee and the Board of Directors.

The Group comprises ten distribution subsidiaries, covering three geographic areas corresponding to the following segments:

- Europe, which includes subsidiaries in France, Germany, the UK, Romania, Italy and Spain and which primarily invoice customers in Europe;
- North America, which includes subsidiaries in the United States and Canada and which primarily invoice customers in the North American area;
- Asia, which includes subsidiaries in Hong Kong, Shanghai and Japan and which primarily invoice customers in the Asia area.

The subsidiaries in each geographic area correspond to operating segments with similar economic characteristics.

All of the subsidiaries offer similar products and services but are strategically monitored by geographic area.

Information relating to each operating segment is presented below. Operating income and adjusted EBITDA for each segment are used to measure performance as management considers that this information is the most relevant for understanding the earnings of each segment compared with earnings from other entities. Adjusted EBITDA is defined as operating income plus depreciation, amortisation and impairment of property, plant and equipment and intangible assets, and share-based payment expenses.

The other items in the income statement, including financial income and expenses as well as taxes, are not monitored on a segment-by-segment basis and are deemed to relate to the Group as a whole.

<b>Adjusted EBITDA</b>	<b>728</b>	<b>182</b>	<b>138</b>	<b>(10 094)</b>	<b>(9 045)</b>

In 2022, three major events had an impact on the EBITDA of the Group. The events have been restated in the “Adjusted EBITDA” to provide an accurate reflection of the Group’s financial performance. The following adjustments were made:

- An exceptional charge of €7,396k for the depreciation of R&D intangible assets, which falls under the category of "Amortisation and depreciation of property, plant and equipment and intangible assets."
- Non-current expenses of €999k linked to the redundancy plan.
- The share-based stock option plan granted to employees, which amounted to €254k.

\*Reinvoicing between the AMA Corporation Plc parent company or AMA SA and distribution subsidiaries

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 6.2. Geographic information

Data relating to revenue per geographic area, based on the entity issuing the invoices, break down as follows:

	31 Dec. 2023	31 Dec. 2022
UK	16	70
France	1 626	2 060
USA	466	825
Romania	7	69
Germany	669	976
Hong Kong	23	69
China	125	182
Canada	1	16
Japan	82	18
<b>Total revenue</b>	<b>3 013</b>	<b>4 285</b>

The decline in revenues concerns all geographical regions, except Japan

As part of the global cost saving plan launched by the Group in June 2022, the commercial activities of the subsidiaries in the UK, Romania, Hong Kong and Canada have been taken over by the commercial teams of the other subsidiaries.

Non-current assets by geographic area were as follows:

	31 Dec. 2023	31 Dec. 2022
UK	0	
France	1 428	1 759
Other countries	198	297
<b>TOTAL</b>	<b>1 626</b>	<b>2 056</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7. Operating data

#### 7.1. Revenue

##### Revenue

In accordance with IFRS 15 "Revenue from Contracts with Customers", revenue is recognised when each performance obligation is fulfilled, which is when control of the goods or service is transferred to the customer in exchange for the amount of consideration to which the Group expects to be entitled.

The Group provides customers with a comprehensive service suite, including access rights to XpertEye software in SaaS mode primarily, along with maintenance, technical support and hosting services. These may be combined with equipment, such as smart glasses connected to a dedicated smartphone, microscopes, endoscopes or other equipment. There are two types of offers:

- **XE aR:** browser-based solution enabling customers to work together remotely on any of their own compatible devices, including smartphones, tablets and portable computers, over a secure connection. No equipment is provided by the Group.

**XE aR+:** benefits from the same core features as XE aR, plus the ability to work hands-free with smart glasses and the possibility to connect third-party devices (borescope, microscope, PTZ camera, UV camera, connected glasses, etc.) to a smartphone or tablet to address all your remote collaboration needs.

Management exercised its judgment and determined that revenue was primarily generated by the following performance obligations, based on below-mentioned considerations:

- XpertEye solution:
  - Equipment sales (smart glasses, smartphones, tablets, cameras and other accessories). This is a distinct performance obligation from XpertEye software access since i) XpertEye software can be used without dedicated equipment by direct browser connection (Lite formula) and ii) smart glasses and smartphones, without XpertEye software, have their own features. The link is functional, not transformative. Revenue is recognised on the date control is transferred, which corresponds to the date of delivery to the customer.
  - Sale of services corresponding to SaaS access to XpertEye software ("on-premises" solutions are not material) and associated services (technical support for customers, maintenance and hosting where applicable). The SaaS solution and associated services are distinct performance obligations which are performed over the same periods, at a similar pace. Revenue is recognised on a percentage completion and straight-line basis as costs are relatively stable throughout the contract.
  - "Pilot" contracts (option including a trial period of 1 to 12 months) comprising:
    - Equipment leases, corresponding to a distinct lease component within the scope of IFRS 16, classified as an operating lease, with lease payments recognised on a straight-line basis;
    - Access to XpertEye software in SaaS mode, and services relating to maintenance, technical support for customers and hosting which are distinct performance obligations, which are performed over the same periods, at a similar pace. Revenue is recognised on a percentage completion and straight-line basis;

- Sales of other one-off services, including training and project management, which are distinct performance obligations with revenue being recognised on the date the services are rendered.

Contracts correspond to purchase orders associated with general terms and conditions of sale, as well as, in certain cases, framework agreements with no volume commitments. Contracts may be entered into for up to 72 months, and are generally not cancellable without the payment of significant penalties.

Transaction prices are fixed and are subject to non-significant penalties for late delivery.

There is no major issue regarding price allocation among the various services as separate contractual prices are provided for separate services, with different recognition timing, and generally correspond to the standalone sales price.

The costs of obtaining and fulfilling contracts are expensed as it occurs.

Costs of obtaining and performing contracts are not significant.

The Group acts as principal when purchasing and selling equipment. Xperteye software is installed on equipment before resale. Additionally, AMA has primary liability to end customers (warranty and after-sales service), bears inventory risk, and sets equipment prices at its own discretion.

There are no other material agent/principal considerations.

Revenue is split as follows:

	31 Dec. 2023	31 Dec. 2022
Software & support services	2 039	2 688
Equipment sales	745	1 154
Pilot contracts	18	172
<b>XpertEye solution revenue</b>	<b>2 802</b>	<b>4 015</b>
Other services	211	270
<b>Total revenue</b>	<b>3 013</b>	<b>4 285</b>

The Group experienced a decline in turnover by 30% compared to the previous year.

Revenues linked to its core business, selling the XpertEye software suite, decreased to a lesser extent by 24% to €2,039k. While sales of equipment such as connected equipment, glasses, and smartphones dropped by 35%. These trends continue to reflect the wait-and-see approach observed for clients and prospects facing a deteriorating economic environment.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### *Contract liabilities.*

Services invoiced at the start of the period (primarily annually) that mainly relate to software and directly associated services, and which have not yet been recognised under revenue are recognised under prepaid income, i.e. contract liabilities.

Changes in contract liabilities (prepaid income) is split as follows:

	31 Dec. 2023	31 Dec. 2022
<b>Contract liabilities at 1 January</b>	<b>1 456</b>	<b>2 130</b>
Increase in amounts received, net of revenue recognised for the period	1 060	1 128
Revenue recognised for the period included in opening amount	(1 208)	(1 803)
<b>Contract liabilities at 31 December</b>	<b>1 308</b>	<b>1 456</b>

### *Order book*

"Order book" refers to the aggregate amount of services still to be performed at the reporting date under contracts with customers as defined in IFRS 15, i.e. contracts creating enforceable rights and obligations between the parties.

Revenue from such contracts relates to the software and ancillary services provided under firm, multi-annual orders at the reporting date, as invoicing is generally performed on an annual basis.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

At 31 December 2023:

	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	TOTAL
Total amount of transaction price allocated to incomplete services at the reporting date	1 539	627	326	2 491

At 31 December 2022:

	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	TOTAL
Total amount of transaction price allocated to incomplete services at the reporting date	1 590	561	116	2 267

The Order book corresponds mainly to revenue signed but not yet recognized on the software part, which is subscribed for commitments from 12 to 36 months, commitments which are accounted for over time.

The Order book is higher 10% compared to December 31, 2022. This trend reflects the favourable reception of the Enterprise model, the new commercial offering launched in the first half of 2023, which features license packages and volume pricing, facilitating the adoption of XpertEye solutions.

### *Major customers*

In 2023, proceeds from a single customer in the Group's Europe operating segment accounted for approximately 5% of total Group revenue (2022: 8%)

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7.2. Other income

Capitalised production reflects capitalised development costs.

Operating grants that offset expenses incurred by the Group are recognised in profit or loss under other income on a systematic basis in the periods in which the expenses are recognised.

Investment grants are initially recognised as deferred income at fair value if there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant; subsequently, they are recognised in profit or loss under other income on a systematic basis over the useful life of the asset.

The French research tax credit (CIR) is accounted for as a government grant. More specifically, it is recognised as an operating grant as it offsets development costs recognised as an expense.

Other income breaks down as follows:

	<b>31 Dec. 2023</b>	<b>31 Dec. 2022</b>
Capitalised own production	-	2 195
Operating grants	174	16
Other operating income	185	356
<b>Total other operating income</b>	<b>359</b>	<b>2 567</b>

Other operating income mainly comprises the reversal of the €98k provision for Google Pixel telephones (see Note 18).

The absence of capitalised own production in 2023 is due to the accounting treatment of R&D costs since the second half of 2022. These costs have been expensed and not capitalized (see note 11.1).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7.3. Operating expenses

Operating expenses break down as follows:

		31 Dec. 2023	31 Dec. 2022
Equipment purchases		(409)	(889)
Change in inventories		(588)	(746)
Inventory impairment reversal		166	111
Partnership commissions		(67)	(54)
<b>Total cost of sales</b>		<b>(898)</b>	<b>(1 578)</b>
<b>Total employee benefits</b>	<b>7.4.3.</b>	<b>(6 436)</b>	<b>(10 159)</b>
Non-stock purchases		(70)	(133)
Lease expenses	12.	(73)	(138)
General sub-contracts		(908)	(738)
Professional fees		(531)	(923)
Travel & entertainment		(421)	(506)
Trade fairs & marketing fees		(322)	(450)
Other		(551)	(982)
<b>Total other purchases and external expenses</b>		<b>(2 876)</b>	<b>(3 870)</b>
<b>Total amortisation and depreciation of property, plant and equipment, intangible and right of use assets</b>	<b>11. &amp; 12.</b>	<b>(1 072)</b>	<b>(3 071)</b>
Taxes		(81)	(141)
Other		(103)	(403)
<b>Total other expenses</b>		<b>(185)</b>	<b>(544)</b>

At 31 December 2023, the decrease in cost of good sales is explained by the lower volume of business.

The decrease in "Professional fees" (€-392k) is linked to the decrease in legal audit accounting fees, accounting and other fees, sales commission, translation costs, CIR fees and consulting fees.

The decrease in "Trade fairs & marketing fees" is related to the reduction in participation in trade shows and to a decrease in social networking costs.

The decrease in "Other" caption (€-431k), under Other purchases and external expenses, related to recruitment costs, temporary employment costs, maintenance and repairs, banking services and commission costs.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### Statutory Audit fees

The Group paid the following fees to its statutory auditors in 2023 and 2022:

	31 Dec. 2023	31 Dec. 2022
Statutory audit of the group and company financial statements	47	91
Services provided by associated firm in the statutory audit of subsidiary undertakings	36	42
Non-statutory audit services		
<b>Statutory audit fees</b>	<b>83</b>	<b>133</b>

### 7.4. Personnel and headcount

#### 7.4.1. Headcount

Headcount corresponds to full-time equivalents including employees on fixed-term contracts, open-ended contracts and similar in the various foreign countries where the Group operates.

	31 Dec. 2023	31 Dec. 2022
Managers	69	71
Others employees	11	15
<b>Total headcount at 31 December</b>	<b>80</b>	<b>86</b>
<b>Average headcount in the period</b>	<b>80</b>	<b>148</b>

The Company's organisation was restructured in 2022.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7.4.2. Personnel expenses

Personnel expenses are recognised as the related service is provided.

Personnel expenses break down as follows:

	31 Dec. 2023	31 Dec. 2022
Wages and salaries	(4 288)	(6 843)
Social security costs expect post-employment	(1 569)	(2 594)
Post-employment defined contribution expenses	(282)	(465)
Post-employment defined benefit expenses	(9)	(4)
Equity-settled share-based payments	(288)	(254)
<b>Total</b>	<b>(6 436)</b>	<b>(10 159)</b>

The decrease in personnel expenses mainly reflects the effect of the full year reduction in number of employees in 2023 compared to 2022 and is also explained by the impact of new share-based payments (see Note 7.4.4).

### 7.4.3. Employee benefits

#### Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay the amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### Defined benefit plans

The Group's defined benefit obligations correspond to retirement indemnities paid to employees in France.

The Group's obligations relating to defined benefit plans are recognised under liabilities and estimated using the actuarial valuation method. Actuarial valuations are based on assumptions with regard to employee turnover, mortality, salary increases and the discount rate. The actuarial valuation method used is the Projected Unit Credit Method, based on the final monthly salary.

The service cost is recognised under personnel expenses. It includes the current service cost and past service cost resulting from plan amendments or curtailments, recognised in full in profit or loss for the period in which they occur, and gains or losses on plan settlements.

The interest cost, corresponding to the measurement to present value of the obligations, is recognised in net financial income or expense.

Actuarial gains and losses arising from remeasurements of liabilities are recognised under other items of comprehensive income and may not to be recycled through profit or loss.

The IFRIC's final agenda decision issued on 24 May 2021 on Attributing Benefit to Periods of Service (particularly retirement benefits) under IAS 19 has no material impact for the Company.

### Defined contribution plans

Contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is possible.

### Retirement benefits

Changes in the present value of the retirement benefit obligation is split as follows:

	<b>Defined benefit obligations</b>	
	<b>31 Dec. 2023</b>	<b>31 Dec. 2022</b>
<b>Balance at 1 January</b>	<b>106</b>	<b>185</b>
<b>Recognised under net income</b>		
Current service cost	9	4
Recovery for employment safeguard plans		(28)
Past service cost		
Interest cost	4	4
<b>Total</b>	<b>13</b>	<b>(20)</b>
<b>Included in other comprehensive income</b>		
Actuarial losses / (gains)	13	(59)
<b>Total</b>	<b>13</b>	<b>(59)</b>
<b>Other</b>		
Benefits paid		
<b>Total</b>	<b>-</b>	<b>-</b>
<b>Balance at 31 December</b>	<b>132</b>	<b>106</b>

The cost reduction plan has led to reduce the total headcount at the end of the period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The entity is exposed to interest risk, salary risk and longevity risk.

The main actuarial assumptions used at the reporting date were as follows:

	31 Dec. 2023	31 Dec. 2022
Discount rate	3,17%	3,77%
Salary increase rate	2,00%	2,00%
Retirement age	64 years	64 years
Mortality rate	AMA mortality table	AMA mortality table

In 2023, the actuarial assumptions on retirement age is similar to 2022: 64 years.

The discount rate is determined based on the yield of long-term high-grade corporate bonds with maturities equivalent to the term of the obligations in question.

The duration is the weighted average term of the retirement benefit obligation (period between the current date and probable date of payment of the retirement benefit). The duration was 19 years at 31 December 2023, compared with 17 years at 31 December 2022.

### *Sensitivity analysis of retirement benefits*

At the reporting date, reasonably possible changes to one of the relevant actuarial assumptions would have affected the retirement benefit obligation as follows (other assumptions remaining constant):

	31 Dec. 2023		31 Dec. 2022	
	Increase	Decrease	Increase	Decrease
Discount rate (change of 50 basis points)	(12)	12	(9)	10
Salary increase rate (change of 50 basis points)	13	(12)	10	(10)

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7.4.4. Share-based payment

Free preference shares are granted to AMA SA employees under equity-settled share-based plans.

The fair value determined at the grant date (fair value of the shares less the present value of future dividends estimated over the vesting period) is expensed, with the offsetting amount recognised as an increase in equity, over the vesting period. The amount expensed is adjusted to reflect the rights for which it is estimated that service conditions will be fulfilled, so that the amount ultimately recognised is based on the rights that actually meet service conditions at the acquisition date.

The fair value of free preference shares was estimated based on discounted cash flows, main assumptions being the discount rate, the long-term growth rate and other key operational assumptions.

Certain employees of the group hold ordinary shares issued by AMA XpertEye Inc. and AMA XpertEye GmbH. As these investments are held *pari passu*, at a value deemed to correspond to their fair value, and are settled in equity, no expense was recognised in the statement of comprehensive income in accordance with IFRS 2 Share-based Payment.

#### Stock options ("SO")

On March 24, 2023 and January 31, 2022, AMA Corporation plc granted respectively 1 120 500 SO and 1112 500 SO to employees and a corporate representative of AMA CORP, AMA SA, AMA US, AMA Germany, AMA Shanghai, AMA Srl, AMA Japan, AMA Italy and AMA UK. The vesting condition is a vesting period is two years. The stock options expire in 6 years.

The fair value of the stock options was measured based on Black-Scholes model. The inputs used to measure the stock options fair value at grant date are as follows:

	SO 2022	SO 2023
Fair value at grant date	€0,59	€0,15
Share price at grant date	€1,94	€0,35
Exercise price of the option	€2,03	€0,35
Expected volatility (weighted average)	41,40%	53,00%
Expected life span	6 years	6 years
Maturity	4 years - mid-life	4 years - mid-life
Expected dividend	-	-
Risk-free interest rate (based on government bonds)	-0,24%	2,53%
Turnover rate	0% for founders and directors 10% for managers 50% for employees	0% for founders and directors 10% for managers 50% for employees

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### Free shares

On 2 July 2018 and 1 January 2020, the Group set up free preference share plans for AMA SA employees. The vesting condition is a two-year presence period starting from the grant date.

The main characteristics and conditions relating to the granting of free shares in connection with these plans are as follows:

	Number of shares granted	Grant date	Vesting conditions	Contractual term of the grant	Fair value	Expected yield
2020 free share plan	21 000	January 1, 2020	Presence in the company	24 months	0,1509	-

In 2023 and 2022, changes in the number of free shares and stock options were as follows:

	31 Dec. 2023			Total
	Shares nb	Options nb		
		SO 2022	SO 2023	
Outstanding at 1 January	-	940 000	-	940 000
Lapsed during the period		- 61 500	- 63 500	- 125 000
Exercised during the period			1 120 500	1 120 500
Granted during the period				-
Exercisable at December 31				-
Outstanding at 31 December	-	878 500	1 057 000	1 935 500

The related expenses are €288k in 2023 and €254k in 2022.

### 7.4.5. Key management personnel compensation (related parties)

Key management personnel, corresponding to members of the Management Board, received the following compensation:

	31 Dec. 2023	31 Dec. 2022
Short-term employee benefits and contributions to defined contribution plans	1 294	1 325
Post-employment benefits under defined benefit plans	(5)	(3)
Share-based payment	64	51
<b>Total</b>	<b>1 354</b>	<b>1 374</b>

Compensation of the Group's key management personnel includes salaries, non-cash benefits and contributions to post-employment defined benefit and defined contribution plans (see Note 7.4.2.) and share-based payments (see Note 7.4.4.).

Liabilities relating to post-employment defined benefit plans for key management personnel amounted to €74k at 31 December 2023 and €62k at 31 December 2022.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 7.5. Non-current operating expenses

In June 2022, AMA launched a comprehensive cost-saving plan to reduce its investments and adjust its cost structure to align with the market's size and evolution.

Non-current operating expenses relates to the Group restructuring plan for €999k. It includes €919k for employment safeguard plans (including a provision for €35k), €107k of termination benefits costs and a retirement benefits recovery for €27k. The global savings plan focused on scaling back its workforce by more than 60 positions in France and 10 in other countries, with four non-priority commercial business units shut down (Romania, Italy, UK, Canada).

In 2022, the company decided to impair all its intangible assets due to the market downturn and the decrease in its market capitalization, considered as an impairment indication. Non-current operating expenses include €7 396k in intangible assets amortization.

In 2023, there is no non-current expenses.

### 8. Net financial income and expense

#### Foreign exchange gains and losses

Foreign exchange gains and losses on all Group transactions denominated in foreign currencies are recognised in profit or loss and presented under 'net financial income (expense)'.

#### Interest expense

Income and expenses from loans, financial debt and lease liabilities are recognised in accordance with the effective interest rate method.

Group financial income and expense is split as follows:

	31 Dec. 2023	31 Dec. 2022
Interest expense on loans and lease liability	(99)	(82)
Interest expense on Guillemot Brothers' shareholder loan	-	(1)
Foreign exchange losses	(40)	(88)
Other interest expense	(8)	(4)
<b>Interest and related expenses</b>	<b>(147)</b>	<b>(175)</b>
Foreign exchange gains	41	89
Other financial income	156	24
<b>Interest and related income</b>	<b>196</b>	<b>113</b>
<b>Total</b>	<b>50</b>	<b>(62)</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 9. Income tax

#### Income tax

Income tax includes current tax expense (income) and deferred tax expense (income), calculated in compliance with the legal provisions of the country where the income is taxed. Current and deferred taxes are recognised in profit and loss, except if they relate to items recognised in other comprehensive income, directly in equity or in connection with business combinations.

The Group deems that French value-added business tax (CVAE) meets the definition of corporate income tax as described in IAS 12.2 (Taxes based on taxable profit).

#### Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if certain criteria are met.

#### Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are only recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profit will be available against which they can be used. Future taxable profit is determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profit adjusted for reversals of existing temporary differences is used, based on the business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profit improves.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply when the assets are used or liabilities settled, using tax rates enacted or substantively enacted at the reporting date, and reflecting uncertainty relating to income taxes, if any.

Deferred tax assets and liabilities are offset only if certain criteria are met.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 9.1. Income tax expense

	31 Dec. 2023	31 Dec. 2022
Current tax expense	(20)	(26)
Deferred tax profit / (expense)	(10)	(524)
French value-added business tax (CVAE)	(0)	(10)
<b>TOTAL</b>	<b>(30)</b>	<b>(559)</b>

Deferred tax expense in 2022 is mainly related to the derecognition of deferred tax assets related to AMA SA tax loss carryforwards (see note 9.3).

### 9.2. Tax proof

Reconciliation of the effective and theoretical tax rates was as follows:

	31 Dec. 2023	31 Dec. 2022
	€ 000	€ 000
Loss before income tax	(8 046)	(20 827)
Normative tax rate	23,52%	19%
<b>Theoretical tax expense</b>	<b>1 892</b>	<b>3 957</b>
<b>Reconciliation with the effective tax rate</b>		
- Research tax credit (CIR)	(0)	4
- Changes in unrecognised losses	(1 349)	(3 209)
- Unrecognised deferred tax		(77)
- Tax rate differences excluding UK	(7)	(11)
- Other differences	(567)	(1 224)
<b>Income tax (expense) / income</b>	<b>(30)</b>	<b>(559)</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 9.3. Breakdown of assets (liabilities), net of deferred tax

Changes in deferred tax balances break down as follows:

	Opening balance at 31 Dec. 2022	Change in profit or loss	Change in OCI	Change in shareholders' equity	Business combinations	31 Dec. 2023		
						Net	Deferred tax assets	Deferred tax liabilities
Deferred tax assets relating to tax loss carryforwards	0	-	-	0	-	0	-	(0)
Defined benefit liabilities	26	3	3	-	-	33	33	-
Elimination of gains from intercompany transactions	0	0	-	-	-	0	0	-
Finance lease adjustments (IFRS 16)	1	1	-	(0)	-	2	3	1
Other adjustments	28	(14)	-	(0)	-	14	14	1
Impact of change in tax rate	-	-	-	-	-	-	-	-
<b>TOTAL DEFERRED TAX</b>	<b>56</b>	<b>(10)</b>	<b>3</b>	<b>(0)</b>	<b>-</b>	<b>49</b>	<b>51</b>	<b>2</b>

	Opening balance at 31 Dec. 2021	Change in profit or loss	Change in OCI	Change in shareholders' equity	Business combinations	31 Dec. 2022		
						Net	Deferred tax assets	Deferred tax liabilities
Deferred tax assets relating to tax loss carryforwards	428	(428)	-	0	-	0	-	(0)
Defined benefit liabilities	46	(5)	(15)	-	-	26	26	-
Elimination of gains from intercompany transactions	77	(77)	-	-	-	0	0	-
Finance lease adjustments (IFRS 16)	7	(6)	-	0	-	1	1	(0)
Other adjustments	36	(8)	-	(0)	(0)	28	29	1
Impact of change in tax rate	-	-	-	-	-	-	-	-
<b>TOTAL DEFERRED TAX</b>	<b>595</b>	<b>(524)</b>	<b>(15)</b>	<b>(0)</b>	<b>(0)</b>	<b>56</b>	<b>56</b>	<b>1</b>

In 2022 and 2023, since it is not expected to recover the related tax losses carried forward within the next four years, deferred tax assets relating to tax loss carryforwards are not recognized.

### 9.4. Unrecognised deferred tax assets

AMA Corporation Plc tax losses were not capitalised at 31 December 2023 or 31 December 2022 since tax losses are not likely to be recovered within the next four years.

	31 Dec. 2023		31 Dec. 2022	
	Gross values	Tax impact	Gross values	Tax impact
UK	37 153	9 288	31 225	7 806
France	12 072	3 018	8 989	2 247
<b>TOTAL</b>	<b>49 225</b>	<b>12 306</b>	<b>40 214</b>	<b>10 053</b>

In the United Kingdom, tax loss carryforwards amounting to a maximum of £5,000k may be used annually, and 50% beyond this threshold.

In France, tax loss carryforwards amounting to a maximum of €1,000k may be used annually, and 50% beyond this threshold.

### 9.5. Uncertainty over income tax treatments

The Group had no material uncertainty over income tax treatments within the meaning of IFRIC 23.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 10. Earnings per share

#### 10.1. Basic earnings per share

Basic earnings per share is calculated using the earnings attributable to holders of ordinary shares and the weighted average number of outstanding ordinary shares as follows.

Earnings attributable to holders of ordinary shares (basic):

	31 Dec. 2023	31 Dec. 2022
Net earnings attributable to owners of the Company	(8 038)	(21 384)
<b>Net earnings attributable to holders of ordinary shares</b>	<b>(8 038)</b>	<b>(21 384)</b>

Weighted average number of ordinary shares (basic):

	31 Dec. 2023	31 Dec. 2022
	shares no	shares no
Ordinary shares at 1 January	19 867 607	19 867 607
Capital decrease		
Capital increase	30 769 230	
<b>Weighted average number of ordinary shares at 31 December</b>	<b>36 907 378</b>	<b>19 867 607</b>
<b>Basic earnings per share in €</b>	<b>(0,22)</b>	<b>(1,08)</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 10.2. Diluted earnings per share

Diluted earnings per share is calculated using the earnings attributable to holders of ordinary shares and the weighted average number of outstanding ordinary shares as follows, adjusted for the effects of all potentially dilutive ordinary shares.

Earnings attributable to holders of ordinary shares (diluted):

	31 Dec. 2023	31 Dec. 2022
Net earnings attributable to holders of ordinary shares (basic)	(8 038)	(21 384)
<b>Net earnings attributable to holders of ordinary shares (basic)</b>	<b>(8 038)</b>	<b>(21 384)</b>

Weighted average number of ordinary shares (diluted):

	31 Dec. 2023	31 Dec. 2022
	shares no	shares no
Weighted average number of ordinary shares (basic)	36 907 378	19 867 607
<b>Weighted average number of ordinary shares (diluted) at 31 December</b>	<b>36 907 378</b>	<b>19 867 607</b>
<b>Earnings per share in €</b>	<b>(0,22)</b>	<b>(1,08)</b>

Weighted average number of ordinary shares (diluted) at 31 December 2023 does not include the outstanding stock options.

Indeed, as the result of continuing operations is a loss, instruments giving deferred rights to capital such as stock options have an anti-dilutive effect. They are therefore not considered, and basic earnings per share are therefore identical to diluted earnings per share.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 11. Intangible assets and property, plant and equipment

#### 11.1. Intangible assets

##### Research and development costs

Research costs are expensed as they are incurred.

Development costs are capitalised and recognised as intangible assets if and only if the costs can be reliably measured and the Group can demonstrate the technical and commercial feasibility of the product or process, its probable future economic benefits, its intention, and the availability of sufficient resources to complete development and use or sell the asset. If these conditions are not met, development costs are expensed as they are incurred. After initial recognition, development costs are recognised at cost less accumulated amortisation and impairment.

Management applied its judgment in order to determine whether the above-mentioned criteria were met for each development project. In particular, Management distinguished between significant upgrades of the XpertEye solution, for which development costs are capitalized, and minor updates and correction of bugs, for which costs are expensed. Also, management support that significant upgrades generate incremental economic benefits.

State investment grants are initially recognised at fair value in deferred income if there is reasonable assurance that they will be received and the Group will meet their conditions. They are then deducted from subsidised assets, leading to a reduction in the related depreciation expense. The research tax credit is treated as a State grant. It is therefore recognised as an investment grant since it offsets capitalised development costs and is deducted from net assets.

The main impairment indicators that can trigger an impairment test are problems of technical feasibility and lack of market opportunities.

##### Other intangible assets

Other intangible assets mainly comprise software licences. They have a finite useful life and are recognised at cost less accumulated amortisation and impairment.

##### Amortisation

Amortisation is calculated on a straight-line basis over the estimated useful life of the assets.

The estimated useful lives for the current and comparative reporting periods are:

- Development costs: 5 years
- Software: 1-5 years

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if necessary.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Intangible assets are split as follows:

	31 Dec. 2022	Additions	Disposals	Amortisation for the period	Others changes	Reclassifications	31 Dec. 2023
Development costs	11 039	-	-	-	-	-	11 039
Software	448	7	-	-	-	-	455

<b>Intangible assets (gross)</b>	<b>11 158</b>	<b>1 747</b>	<b>(90)</b>	<b>-</b>	<b>-</b>	<b>-</b>	<b>12 816</b>
Amortisation of development costs	(3 920)	-	-	(7 119)	-	-	(11 039)
Amortisation of concessions, licences and similar rights	(8)	-	-	(16)	-	24	-
Amortisation of software	(363)	-	-	(34)	(0)	(24)	(421)
Amortisation of other intangible assets	(1)	-	1	-	-	-	-
<b>Amortisation/impairment of intangible assets</b>	<b>(4 291)</b>	<b>-</b>	<b>1</b>	<b>(8 498)</b>	<b>(0)</b>	<b>-</b>	<b>(12 788)</b>
<b>Total net value</b>	<b>6 867</b>	<b>1 747</b>	<b>(89)</b>	<b>(8 498)</b>	<b>(0)</b>	<b>-</b>	<b>27</b>

In 2022, the company decided to impair all its intangible assets due to the market downturn and the decrease in its market capitalization, considered as an impairment indication (for an impact of €7,396k in the amortization of the period).

As the recoverability criteria is not met, R&D costs are no longer capitalized since the second semester of 2022. They are therefore considered as charges.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 11.2. Property, plant and equipment

Property, plant and equipment is measured at cost less accumulated depreciation and impairment.

The proceeds or loss from the disposal of property, plant and equipment is recognised under net earnings.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets.

The estimated useful lives for the current and comparative reporting periods are:

- XpertEye equipment: 2 years
- Other equipment and tooling: 2-5 years
- Office and computer equipment: 2-5 years
- Furniture: 3-10 years
- Transport equipment: 2 to 4 years
- Technical and general improvements: 3 to 14 years
- Other property, plant and equipment: 3 to 14 years

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if necessary.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Property, plant and equipment breaks down as follows:

	31 Dec. 2022	Additions	Disposals	Depreciation for the period	Effects of changes in foreign exchange rates	Reclassifications	31 Dec. 2023
XpertEye equipment - rental use	749	12	(463)	-	-	-	298

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 11.3. Impairment tests

In accordance with IAS 36 “Impairment of assets”, the Group regularly checks for indications of impairment to intangible assets and property, plant and equipment with finite useful lives. If an indication of impairment is found, the Group tests for impairment to measure whether the carrying amount of the assets (or groups of assets corresponding to cash-generating units) is higher than the recoverable amount of the assets, defined as the higher of value in use or fair value less disposal costs.

During the year 2022, the Group’s market capitalization declined by more than 80% which constitutes an indication of impairment. To determine if the carrying amount of R&D at the end of June 2022 exceeded its recoverable amount, the company used the value-in-use method. The value in use method involves estimating the future cash flows that the R&D’s cash-generating unit (CGU) will generate over the useful life of 5 years. All assets of the Group being largely dependent, budgets realized and validated by the management for all the Group are the most relevant inputs for estimating the future discounted cash flow generated by this R&D’s CGU.

The comparison of this recoverable amount estimated under reasonable and supportable assumptions to the carrying amount of the Group’s net assets led to depreciate R&D capitalized costs for their total amount.

The assumption adopted in 2022 are always applicable in 2023. The R&D capitalized costs depreciation booked in 2022 has been maintained in 2023.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 12. Leases

When a contract is signed, the Group determines whether it is or contains a lease.

The contract is or contains a lease if it grants the right to use an identified asset for a period of time in return for payment. To assess whether or not a contract grants the right to control an identified asset throughout the asset's useful life, the Group examines whether: i) the contract involves use of an identified asset, ii) the Group has the right to enjoy almost all economic benefits from the use of the asset throughout its useful life, and iii) the Group has the right to make decisions concerning the use of the asset.

The Group recognises a "right-of-use" asset and a lease liability on the date the contract comes into effect. The "right-of-use asset" is initially measured at cost, i.e. the initial amount of the lease liability restated for any lease payments that have already been made at the commencement date, plus any initial direct costs incurred by the lessee, and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the site on which it is located, less any lease incentives received.

The right-of-use asset is then depreciated on a straight-line basis from the commencement of the lease term, unless the lease stipulates that ownership of the underlying asset shall be transferred to the Group when the lease expires, or the cost of the "right-of-use" asset takes into account the fact that the Group will exercise a purchase option. In that case, the "right-of-use" asset is depreciated over the useful life of the underlying asset, determined on the same basis as the useful life of property, plant and equipment. Additionally, the "right-of-use" asset is regularly written down if impairment losses occur and is adjusted for some remeasurements of the lease liability.

At the commencement date, the lease liability is measured at the present value of lease payments over the lease term that have not yet been paid at that date. The discount rate used is the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. The Group generally uses the latter as its discount rate.

Management determines the incremental borrowing rates from interest rates granted by various sources of external financing, for a term similar to that of the lease.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or to not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extend (or not terminated). The following factors are in general most relevant:

- If there are significant penalties to terminate (or not extend), the Group is typically reasonably certain to extend (or not terminate);
- If any leasehold improvements are expected to have a significant remaining value, the Group is typically reasonably certain to extend (or not terminate).

Otherwise, the Group considers all factors including historical lease durations and the cost and

business disruption required to replace the leased asset.

The lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under the residual value guarantee;
- The exercise price of a purchase option if the Group is reasonably certain to exercise that option; payments made during the renewal period if the Group is reasonably certain to extend the lease; and payments of penalties for terminating the lease, unless the Group is reasonably certain not to terminate the lease.

The lease liability is measured at amortised cost using the effective interest rate method. It is remeasured to reflect changes to future lease payments: from a change in an index or a rate; from a change in amounts the Group expects to be payable under the residual value guarantee; if the Group reassesses the likelihood that it will exercise the option to purchase the underlying asset or extend or terminate the lease; or if in-substance fixed lease payments are revised.

When the lease liability is remeasured, the carrying amount of the right-of-use asset is adjusted, or if the carrying amount of the right-of-use asset is reduced to zero, the remaining amount of the remeasurement is recognised in profit or loss.

The Group has chosen not to recognise a right-of-use asset or lease liability for short-term leases with a term of 12 months or less, or for leases of low-value assets (less than €5 thousand). These lease payments are recognised as expenses.

The Group recognises deferred tax assets and liabilities for lease liabilities and right-of-use assets, respectively, considering that tax deductions are applied to liabilities.

The Group is also a lessor as explained in Note 7.1.

In the course of its business, the Group leases premises, vehicles and accesses dedicated servers with a lease component.

- For office space, lease terms are 1 to 5 years  
Since 2021, a non-renewable three-year tenancy-at-will lease has been underwrite on AMA SA. This lifetime has been used as life of the lease office.  
On December 31, 2023, there is one lease office remaining in France and one in Shanghai.
- Leases for vehicles and IT equipment feature fixed lease payments and terms of approximately 3 years. Early termination options are not reasonably certain to be exercised.
- The leases for dedicated servers feature fixed lease payments. They have terms ranging from 12 to 60 months and are tacitly renewed. Renewal is not deemed reasonably certain. For these leases, the Group has chosen not to separate the service components, but rather to recognise all components as a single lease component.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Right-of-use assets break down as follows:

	Land and buildings	Vehicles	Servers	Other	TOTAL
<b>Balance at Dec. 31, 2021</b>	<b>852</b>	<b>151</b>	<b>1 041</b>	<b>5</b>	<b>2 050</b>
Depreciation for the period	(586)	(78)	(394)	(2)	(1 061)
Reversal of impairment	-	-	-	-	-
Additions to right-of-use assets	195	30	410	-	635
Derecognition of right-of-use assets	(145)	(28)	(443)	-	(616)
Foreign currency gains (losses)	15	(0)	-	0	15
<b>Balance at Dec. 31, 2022</b>	<b>331</b>	<b>75</b>	<b>614</b>	<b>4</b>	<b>1 024</b>
Depreciation for the period	(252)	(63)	(285)	(2)	(603)
Reversal of impairment	-	-	-	-	-
Additions to right-of-use assets	298	77	434	-	809
Derecognition of right-of-use assets	(120)	(4)	(6)	-	(130)
Foreign currency gains (losses)	(6)	-	-	(0)	(6)
<b>Balance at Dec. 31, 2023</b>	<b>251</b>	<b>85</b>	<b>756</b>	<b>1</b>	<b>1 093</b>

The increase in right-of-use assets in 2023 was mainly due to a €142k increase in server leases and a €120k decrease in office lease. The server additions in right of use asset is the consequence of the increase estimated duration of the use.

The related impact on profit and loss and cash flow is as follows:

- Amounts recognised in net profit (loss)

### Amounts recognised in net profit (loss)

	31 Dec. 2023	31 Dec. 2022
Interest on lease liabilities	(31)	(31)
Depreciation charge	(603)	(1 061)

The expense recognised for leases of low-value assets or leases for less than one year is not material.

- Amounts recognised under cash flows:

### Amounts recognised under cash flows

	31 Dec. 2023	31 Dec. 2022
Total cash outflows attributable to leases	558	1 071

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 13. Financial assets

Unconsolidated equity investments are recognised at fair value through profit or loss.

Loans and guarantees are initially recognised at fair value and subsequently at amortised cost.

Financial assets break down as follows:

	31 Dec. 2023	31 Dec. 2022
Non-consolidated equity investments	4	4
Other non-consolidated deposit - non-current	112	100
Loans, guarantees and other receivables - non-current	53	115
<b>Financial assets</b>	<b>168</b>	<b>218</b>

### 14. Inventories and work in progress

Inventories are measured at the lower of cost or net realisable value. The cost of inventories is determined using the weighted average cost method.

Estimates of inventory impairment are based on a case-by-case analysis of inventories to determine whether they are obsolete.

	31 Dec. 2023	31 Dec. 2022
Gross amount	821	1 419
Impairment	(326)	(493)
<b>Net</b>	<b>495</b>	<b>927</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Inventories mainly comprise glasses and accessories.

In 2022, an additional impairment of €384k was recognised for obsolete glasses (old Realwear and google glass) and smartphones ordered in too large quantities. A €495k reversal was recorded for glasses or other products sold to brokers or employees. Inventory is regularly reviewed to identify discontinued items or items that pose resale difficulties.

In 2023, the decrease in inventory volume is linked to the decline in activity.

### 15. Trade and other receivables, other current assets

Trade receivables and other operating receivables are initially recognised at fair value, and subsequently at amortised cost, which is generally their nominal amount.

In accordance with IFRS 9, the Group applies the simplified approach to measure trade receivables, and recognises the loss allowance at an amount equal to lifetime expected credit losses.

Unrecoverable losses are historically low. Receivables are regularly reviewed to identify potential litigation risks and credit risk. Disputed receivables are generally written off.

Trade receivables and other current assets break down as follows:

	31 Dec. 2023	31 Dec. 2022
Trade and other receivables	701	1 117
Impairment of receivables for expected losses	(25)	(63)
<b>Total trade and other receivables</b>	<b>676</b>	<b>1 054</b>
<b>Current tax receivables</b>	<b>129</b>	<b>398</b>
Prepaid expenses	289	295
State receivables (excl. income tax) - current	75	111
Staff and social security receivables	33	63
Other current assets	41	142
<b>Total other current assets</b>	<b>437</b>	<b>611</b>

Note 21.2.3 contains further information on the impairment of trade receivables and the Group's exposure to credit risk.

The decrease in trade receivables at 31 December 2023 reflects the slowdown in business.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 16. Cash and cash equivalents

Cash and cash equivalents comprised funds held at banks. Cash equivalents are short-term, highly liquid investments that are easily convertible into a known cash amount and subject to negligible risk of change in value. At 1 January 2021, 31 December 2022 and 31 December 2023, the Group had no cash equivalents.

In the cash flow statement, this line item corresponds to cash and cash equivalents after deducting bank overdrafts.

	31 Dec. 2023	31 Dec. 2022
Bank accounts	2 335	8 603
Demand deposits	7 054	-
<b>Cash and cash equivalents reported in the statement of financial position</b>	<b>9 390</b>	<b>8 603</b>
<b>Cash and cash equivalents reported in the statement of cash flows</b>	<b>9 390</b>	<b>8 603</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 17. Equity

#### 17.1. Share capital

Share capital comprises ordinary shares.

Capital increase costs are recognised in equity.

AMA Corporation Plc's share capital breaks down as follows:

	Shares capital		Share premium	Shares capital		Share premium
	31 Dec. 2023			31 Dec. 2022		
	Nb of shares			Nb of shares		
Shares outstanding at 1 January	22 455 815	3 207	34 161	22 455 815	3 207	34 161
Capital increase	30 769 230	4 473	3 343			
<b>Shares outstanding at 31 December – fully paid</b>	<b>53 225 045</b>	<b>7 680</b>	<b>37 505</b>	<b>22 455 815</b>	<b>3 207</b>	<b>34 161</b>

The par value of ordinary shares is €0.144.

On 27 June 2023, AMA Corporation Plc completed an increase in capital of €7,824k, by issuing 30,769,230 new ordinary shares with a nominal value of €0.125, priced at €0.26 per share. This transaction resulted in a nominal capital injection of €4,473k and a share premium of €3,351k..

GUILLEMOT BROTHERS SAS subscribed to this capital increase in AMA Corporation Plc for a number of 30,682,640 new shares, increasing its stake in AMA from 34.38% before this capital increase to 72.15% after the transaction.

#### 17.2. Capital management

The Group's policy is to maintain a solid capital base in order to keep the trust of investors, creditors and the market, as well as to support future business development. The Group's business activities are also financed through bank loans and credit facilities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 18. Provisions and contingent liabilities

A provision is recognised when the Group has a legal or constructive obligation at the reporting date, as a result of a past event, which will probably result in an outflow of resources in an amount that can be reliably estimated.

The amount provisioned is the best estimate of the expenditure needed to settle the present obligation at the reporting date.

Provisions for Google Pixel telephones are measured by management based on the number of Google Pixel telephones in inventory and the amount of purchase costs of new telephones bought in replacement.

	Provision for replacement Google Pixel telephones	Provision for employment safeguard plans	Others provisions	TOTAL
	€ 000	€ 000	€ 000	€ 000
<b>Balance at Dec. 31, 2021</b>	<b>381</b>	-	-	<b>381</b>
Provisions made during the year	-	35	-	35
Recovery for the period (provision used)	(283)	-	-	(283)
Recovery for the period (provision not used)	-	-	-	-
<b>Balance at Dec. 31, 2022</b>	<b>98</b>	<b>35</b>	-	<b>134</b>
Provisions made during the year	-	-	3	3
Recovery for the period (provision used)	(98)	(27)	-	(125)
Recovery for the period (provision not used)	-	-	-	-
<b>Balance at Dec. 31, 2023</b>	<b>-</b>	<b>8</b>	<b>3</b>	<b>11</b>

The XpertEye Advanced APK (Android Package Kit), developed in 2020 were not compatible with the Google Pixel currently embedded in the XpertEye Advanced solution, or compatibility would require overly costly development. This resulted in a provision of €381k. In 2022, this provision has been partially reversed for a total amount of €283k and fully reversed in 2023 for €98k.

The provision for employment safeguard plans has been partially reversed for €27k, of which €18k was used. A provision of €8k has been maintained 31 December 2023 to cover the costs of employees leaving the Group in 2024.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 19. Loans and borrowings

#### 19.1. Main terms and conditions

Financial liabilities are initially recognised at fair value less transaction costs, and subsequently at amortised cost using the effective interest rate method.

In accordance with the IFRS 1 exemption for government loans, starting from the transition date, the Group chose to apply IFRS 9 and IAS 20 prospectively to BPI interest-free loans taken out before the transition date. Accordingly, these loans were carried at their nominal amount. They were not remeasured at fair value at the date of initial recognition and no grant component was recognised.

The terms and conditions of current loans are as follows:

	Currency	Annual nominal interest rate	Year of maturity	Nominal value	31 Dec. 2023 Carrying amount	31 Dec. 2022 Carrying amount
BPI France €500 thousand loan	EUR	Fixed rate	2023	500	-	75
BPI €750 thousand loan	EUR	Fixed rate	2024	750	75	225
CIC €500 thousand loan	EUR	Fixed rate	2023	500	-	55
BPO €900 thousand loan	EUR	Fixed rate	2024	900	43	303
CIC €400 thousand loan	EUR	Fixed rate	2024	400	93	194
CREDIT COOP €600 thousand loan	EUR	Fixed rate	2029	600	600	600
BPI France €2,000 thousand loan	EUR	Fixed rate	2028	2 000	2 000	2 000
Other financial liabilities due within one year and accrued loan interest					40	52
<b>Total bank loans</b>				<b>5 650</b>	<b>2 851</b>	<b>3 504</b>
Arkea credit line	EUR	Floating rate	2025	5 000		
Société Générale credit line	EUR	Floating rate	2027	3 000		
Crédit Agricole credit line	EUR	Floating rate	Undetermined	2 500

In 2022, the Company has subscribed two financial debts for €2,000k and €600k as detailed in Note 19.1. The Company also repaid the rest of the Guillemot Brothers loan for €170k.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 20. Trade accounts payable, other current liabilities

Trade payables are initially recognised at fair value, and subsequently at amortised cost, which is generally their nominal amount.

Trade payables and other current liabilities break down as follows:

	31 Dec. 2023	31 Dec. 2022
<b>Trade payables</b>	<b>807</b>	<b>752</b>
Staff and social security payables - current	654	724
Tax payables (excl. income tax)	90	124
Prepaid income (excl. client contracts)	-	-
Other payables - current	11	19
<b>Total other liabilities</b>	<b>754</b>	<b>867</b>
<b>Total</b>	<b>1 561</b>	<b>1 619</b>

### 21. Financial instruments and risk management

#### 21.1. Classification and fair value of financial instruments

The fair value hierarchy is as follows:

- Level 1: fair value based on quoted prices traded in active markets
- Level 2: fair value measured based on observable inputs (other than the quoted prices included in level 1)
- Level 3: fair value measured using valuation techniques based on unobservable inputs

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

€ 000	Accounting category	Fair value level	31 Dec. 2023		31 Dec. 2022	
			Carrying amount	Fair value	Carrying amount	Fair value

<b>Total current financial liabilities</b>			<b>1 507</b>	<b>1 526</b>	<b>1 443</b>	<b>1 464</b>
<b>Current lease liabilities</b>	Amortised cost	Level 2 - Note 4	<b>529</b>	<b>N/A</b>	<b>583</b>	<b>N/A</b>
<b>Total liabilities</b>			<b>4 761</b>	<b>3 637</b>	<b>5 283</b>	<b>4 193</b>

Note 1 - The carrying amount of current financial assets and liabilities is deemed to be approximately their fair value.

Note 2 - The difference between the carrying amount and fair value of loans and guarantees is deemed immaterial.

Note 3 - The fair value of unconsolidated equity investments is immaterial.

Note 4 - As allowed for under IFRS, the fair value of lease liabilities and their level in the fair value hierarchy is not presented.

Note 5 - The fair value of loans and borrowings was estimated using future cash flows discounted at a market rate.

### 21.2. Risk management.

The Group is exposed to interest rate risk, currency risk, credit risk and liquidity risk.

#### 21.2.1. Interest rate risk

The Group has fixed-rate loans as well as variable credit facilities (EURIBOR plus a percentage). At 31 December 2023, the Group had no instruments hedging its exposure to interest rate risk.

The main characteristics of the interest rates of financial instruments are presented in Note 19.1

##### *Analysis of interest rate sensitivity of variable-rate instruments*

A reasonably likely change of 50 basis points to interest rates at the reporting date would have no impact on consolidated net profit or loss.

In 2023, the Group did not use its floating rate credit lines. Therefore, no interests were booked in the consolidated financial statements.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 21.2.2. Currency risk

The Group is exposed to currency risk insofar as the functional currency used by Group entities differs from the currency used to recognise certain sales, purchases, payables and receivables. The functional currencies of the Group's entities are local currencies, except for the holding company AMA Corporation Plc, which uses the euro as its functional currency. The main currencies in which these transactions are recognised are the euro (EUR), US dollar (USD) and pound sterling (GBP).

At 31 December 2022 and 2023, the Group had no instruments hedging its exposure to currency risk.

The quantitative data used to analyse the Group's exposure to currency risk is summarised below.

(000 of foreign currency)	At 31 December 2023							
	EUR	GBP	USD	CNY	RON	HKD	CAD	JPY
Trade and other receivables	0	0	0	0	0	0	0	0
Other current assets	0	0	0	0	0	0	0	24 023
Cash and cash equivalents	23	249	3	2	0	140	0	0
Trade and other payables	170	4	2	49	0	0	409	0
Other current liabilities	2	1	0	0	31	0	0	0
Loans and borrowings	0	0	0	0	0	0	0	0
<b>Total</b>	<b>195</b>	<b>253</b>	<b>5</b>	<b>51</b>	<b>31</b>	<b>140</b>	<b>409</b>	<b>24 023</b>

(000 of foreign currency)	At 31 December 2022							
	EUR	GBP	USD	CNY	RON	HKD	CAD	JPY
Trade and other receivables	0	0	0	0	0	0	0	0
Other current assets	0	0	0	0	0	0	50	0
Cash and cash equivalents	32	417	32	2	0	140	0	0
Trade and other payables	335	15	20	805	0	0	0	(1 109)
Other current liabilities	0	31	195	0	0	70	0	0
Loans and borrowings	0	0	0	0	0	0	0	0

The following exchange rates were applied for the main currencies.

Euro	Average exchange rate		Spot exchange rate at	
	31 Dec. 2023	31 Dec. 2022	31 Dec. 2023	31 Dec. 2022
<b>EURO</b>	1,00	1,00	1,00	1,00
<b>USD</b>	1,08	1,05	1,11	1,07
<b>RON</b>	5,15	4,93	4,98	4,95
<b>GBP</b>	0,87	0,85	0,87	0,89
<b>HKD</b>	8,47	8,25	8,63	8,32
<b>CNY</b>	7,66	7,08	7,85	7,36
<b>CAD</b>	1,46	1,37	1,46	1,44
<b>JPY</b>	151,94	138,01	156,33	140,66

A reasonably possible strengthening (or weakening) of the euro, US dollar or pound sterling exchanged against other currencies at 31 December would affect the valuation of the financial instruments in foreign currencies, and net income in the amounts shown below. For the purposes of this analysis, all other variables were held constant, particularly interest rates, and the impact of forecast sales and purchases were not taken into account.

### 21.2.3. Credit risk

Credit risk is the risk of financial loss the Group would incur if a client or counterparty to a financial instrument defaulted on its contractual obligations. The carrying amounts of financial assets represent maximum exposure to credit risk.

#### *Cash and cash equivalents*

The Group's cash and cash equivalents are held with top-ranking banking counterparties and financial institutions.

The Group deems that its cash and cash equivalents present almost no credit risk, given the credit ratings of its counterparties.

#### *Trade receivables and contract assets*

The Group's exposure to credit risk is mainly influenced by individual client characteristics. However, Management also considers factors that could impact the credit risk of its clients, such as default risk inherent to specific industries or countries in which clients do business.

This risk is limited to the extent that the Group's clients are major businesses with no solvency problems.

The Group limits its exposure to credit risk relating to trade receivables by establishing a maximum payment term of 90 days.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

At 31 December 2022 and 31 December 2023 no receivables were written off or identified as credit-impaired. At 31 December 2022 and 31 December 2023, impairment losses of €8k and €3k, respectively, were recognised.

The aging of receivables was as follows:

31 December 2023	Gross carrying amount	Impairment at 31 Dec. 2023	Additions	Reversal	Impairment at 31 Dec. 2023	Net value
Current (not overdue)	528	-	-	-	-	528
Overdue 30 days or less	37	-	-	-	-	37
Overdue more than 30 days and less than 60 days	15	-	-	-	-	15
Overdue more than 60 days and less than 90 days	12	-	-	-	-	12
Overdue more than 90 days	74	(63)	(12)	50	(25)	49
<b>TOTAL</b>	<b>665</b>	<b>(63)</b>	<b>(12)</b>	<b>50</b>	<b>(25)</b>	<b>640</b>

31 December 2022	Gross carrying amount	Impairment at 31 Dec. 2022	Additions	Reversal	Impairment at 31 Dec. 2022	Net value
Current (not overdue)	502	-	-	-	-	502
Overdue 30 days or less	164	-	-	-	-	164
Overdue more than 30 days and less than 60 days	66	-	-	-	-	66
Overdue more than 60 days and less than 90 days	10	-	-	-	-	10
Overdue more than 90 days	248	(68)	(58)	64	(63)	185
<b>TOTAL</b>	<b>989</b>	<b>-68</b>	<b>-58</b>	<b>64</b>	<b>-63</b>	<b>926</b>

### 21.2.4. Liquidity risk

Liquidity risk is the risk that the Group might have difficulty meeting its obligations pertaining to financial liabilities that are settled by outflows of cash or other financial assets. To manage liquidity risk, the Group's objective is to ensure, to the greatest possible extent, that it has sufficient liquidity to settle these liabilities when they fall due under normal or "strained" conditions without incurring unacceptable losses or damaging the Group's reputation.

The Group uses activity-based costing for its products and services, which in turn helps it manage cash flow requirements and optimise cash-on-cash returns. Additionally, the Group has large credit facilities with financial institutions (see Note 19.1).

Residual contractual maturities of financial liabilities at the reporting date are as follows: These amounts – expressed gross and not measured to present value – comprise contractual interest payments.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

31 December 2023	Carrying amount	Contractual financing flows				
		Total	Less than 1 year	1 to 2 years	2 to 5 years	More than 5 years

### 22. Related-party transactions

Following a reorganization of the company's ownership structure on July 12, 2022, Guillemot Brothers SAS became the new parent company of the Group, with its headquarters located in France. On this date, Guillemot Brothers Ltd executed a transfer of its shares in AMA Corporation Plc to Guillemot Brothers SAS.

Guillemot Brothers SAS backs some of AMA SA's bank loans and credit facilities, which are subject to a regulated agreement with Guillemot Brothers SAS.

In 2023, AMA also took a strategic technological turn by integrating Artificial Intelligence into its R&D investments, thanks in particular to the partnership established between AMA SA and Ariann (Advanced Research In Artificial Neural Networks Inc), a sister company of AMA Corporation Plc, specialized in Artificial Intelligence research since 2017

Balance sheet and income statement balances relating to Guillemot Brothers Ltd and Guillemot Brothers SAS in 2022., and relating to Ariann in 2023 are as follows:

	31 Dec. 2023	31 Dec. 2022
Current account	0	0
Trade and other payables	280	0
Interest expense	0	1
Operating expenses	280	32

The remuneration of key management personnel is presented in Note 7.4.5.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Continued)

### 23. Off-balance sheet commitments

Off-balance sheet commitments are as follows:

- Commitments given: none
- Commitments received (AMA SA):

<b>31 Dec. 2023</b>	<b>Credit amount granted</b>	<b>Amount used</b>	<b>Remainder</b>	<b>Joint guarantees</b>	<b>Pledge of securities</b>	<b>Pledge of term deposits</b>
Borrowings	2 812	2 812	-	255	219	-
Credit subscribed	12 000	-	12 000	7 000	3 500	4 000
<b>Total</b>	<b>14 812</b>	<b>2 812</b>	<b>12 000</b>	<b>7 255</b>	<b>3 719</b>	<b>4 000</b>

<b>31 Dec. 2022</b>	<b>Credit amount granted</b>	<b>Amount used</b>	<b>Remainder</b>	<b>Joint guarantees</b>	<b>Pledge of securities</b>	<b>Pledge of term deposits</b>
Borrowings	3 452	3 452	-	481	341	-
Credit subscribed	16 000	-	16 000	7 075	9 500	4 000
<b>Total</b>	<b>19 452</b>	<b>3 452</b>	<b>16 000</b>	<b>7 556</b>	<b>9 841</b>	<b>4 000</b>

### 24. Ultimate parent company and parent company of larger group

The Company is a subsidiary undertaking of Guillemot Brothers SAS which is the ultimate parent company in France. The ultimate controlling party is Guillemot Brothers SAS Group.

The largest group in which the results of the Company are consolidated is that headed by Guillemot Brothers SAS, 2 rue du Chêne Héleuc - 56910 Carentoir, France. The consolidated financial statement of Guillemot Brothers group is not available to the public.

No other group financial statements include the results of the Company.

The notes on pages 88 to 101 form an integral part of these financial statements.

The Company has elected to take the exemption permitted under Section 408 of the Companies Act 2006 not to present the Company's profit and loss account. The Company's loss for the year was €6,299k (2022: €24,503k). No dividends were received in the year from the subsidiary undertakings (2022: €0k)

The Directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements were approved by the board of Directors and authorized for issue on 24 April 2024 and are signed on its behalf by:

Christian Guillemot - Director  
AMA Corporation Plc  
Company Registration No. 10341359

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS

### 1. Accounting policies

#### Company information

AMA Corporation PLC (the "Company") is a public limited company incorporated in England and Wales. The registered number is 10341359 and the registered office is Flat 3-2 Creswell Gardens, London, SW5 0BJ.

#### 1.1 Accounting Convention

These financial statements were prepared in accordance with the Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of UK-adopted international accounting standards ("UK-adopted IFRS"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The financial statements are presented in Euro which is the functional currency of the Company and rounded to the nearest €.

In these financial statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- Cashflow statement and related notes;
- Certain disclosures regarding revenue;
- Certain disclosures regarding leases;
- Comparative year reconciliations for share capital, tangible fixed assets and intangible assets;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRS; and
- Disclosures in respect of the compensation of Key Management Personnel
- An additional balance sheet for the beginning of the earliest comparative period following the retrospective change in accounting policy

As the consolidated financial statements of the Company include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- Paragraphs 45(b) and 46 to 52 of IFRS 2, 'Share-based payment' (details of the number and weighted average exercise prices of share options, and how the fair value of goods or services received was determined).
- Certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures

The accounting policies set out below have, unless otherwise stated, been applied consistently to all years presented in these financial statements.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.2 Changes in accounting policies

The following new and revised standards and interpretations have been issued and are effective for the current financial period of the Company.

- Amendments to IAS 12 Deferred tax related to assets and liabilities arising from a single transaction
- Amendments to IAS 1 and IFRS Practice Statement 2
- Amendments to IAS 8 (Definition of accounting estimates)

The following UK-adopted IFRSs have been issued but have not been applied in these financial statements. Their adoption is not expected to have a material effect on the financial statements unless otherwise indicated:

- Amendments to IFRS 16 Leases: Lease Liability in a Sale and Leaseback
- Amendments to IAS 1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current and Non-current liabilities with Covenants
- Amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures: Supplier Finance Arrangements

#### 1.3 Measurement convention

The financial statements are prepared on the historical cost basis except for equity-settled share-based payments that are stated at their fair value.

#### 1.4 Going concern

At the time of approving the financial statements, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus, the Directors continue to adopt the going concern basis of accounting in preparing the financial statements.

#### 1.5 Revenue

In accordance with IFRS 15, revenue is recognised when each performance obligation is fulfilled, which is when control of the goods or service is transferred to the customer in exchange for the amount of consideration to which the Company expects to be entitled.

Revenue is recognised when the significant risks and rewards of the goods or services provided have transferred to the buyer, the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the Company.

#### 1.6 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets acquired on business combinations are recognised separately from goodwill at the acquisition date where it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the fair value of the asset can be measured reliably; the intangible asset arises from contractual or other legal rights; and the intangible asset is separable from the entity.

Intangible assets comprise primarily of IP/branding and R&D. Such assets are defined as having finite useful lives and the costs are amortised on a straight-line basis over their estimated useful lives of 5 and 10 years. Intangible assets are stated at cost less amortisation and are reviewed for impairment whenever there is an indication that the carrying value may be impaired.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.6 Intangible fixed assets other than goodwill (continued)

Expenditure on research activities is recognised in the profit and loss account as an expense as incurred. Expenditure on development activities is capitalised if the product or process is technically and commercially feasible and the Company intends and has the technical ability and sufficient resources to complete development, future economic benefits are probable and if the Company can measure reliably the expenditure attributable to the intangible asset during its development. Development activities involve a plan or design for the production of new or substantially improved products or processes. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads and capitalised borrowing costs. Other development expenditure is recognised in the profit and loss account as an expense as incurred. Capitalised development expenditure is stated at cost less accumulated amortisation and less accumulated impairment losses.

Amortisation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

IP/Brand	10 years straight line
R&D intangible assets	5 years straight line

#### 1.7 Non-current investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in Profit and Loss Account.

Investments in equity shares which are publicly traded or where the fair value can be measured reliably are initially measured at fair value, with changes in fair value recognised as a Profit and Loss Account. Investments in equity shares which are not publicly traded, and where fair value cannot be measured reliably, are measured at cost less impairment.

Interest income on debt securities, where applicable, is recognised in income using the effective interest method. Dividends on equity securities are recognised in income when receivable.

#### 1.8 Financial instruments

##### (i) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.8 Financial instruments (continued)

##### (ii) Classification and subsequent measurement

###### *Financial assets*

##### (a) *Classification*

On initial recognition, a financial asset is classified as measured at: amortised cost; FVOCI - debt investment; FVOCI - equity investment; or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets.

###### *Investments in subsidiaries*

Investments in subsidiaries are carried at cost less impairment.

###### *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and call deposits.

##### (b) *Subsequent measurement and gains and losses*

Financial assets at FVTPL - these assets (other than derivatives designated as hedging instruments) are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost - these assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Debt investments at FVOCI - these assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

Equity investments at FVOCI - these assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.8 Financial instruments (continued)

##### (ii) Classification and subsequent measurement (continued)

###### *Financial liabilities and equity*

Financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

##### (iii) Impairment

The Company recognises loss allowances for expected credit losses (ECLs) on financial assets measured at amortised cost, debt investments measured at FVOCI and contract assets (as defined in IFRS 15).

The Company measures loss allowances at an amount equal to lifetime ECL, except for other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition which are measured as 12-month ECL.

Loss allowances for trade receivables and contract assets that do not contain a significant financing component are always measured at an amount equal to lifetime ECL.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.8 Financial instruments (continued)

##### (iii) Impairment (continued)

###### *Measurement of ECLs*

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

###### *Credit-impaired financial assets*

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

###### *Write-offs*

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

##### (iv) Derecognition

###### **Financial assets**

The Company derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
  - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
  - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enters into transactions whereby it transfers assets recognised in its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

###### **Financial liabilities**

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.10 Taxation

The tax expense represents the sum of the current tax and deferred tax.

##### **Current tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the Profit and Loss Account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

##### **Deferred tax**

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised

#### 1.11 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense unless those costs are required to be recognised as part of the cost of stock or non-current assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the Company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

##### **Share-based payment transactions**

Share-based payment arrangements in which the Company receives goods or services as consideration for its own equity instruments are accounted for as equity-settled share-based payment transactions, regardless of how the equity instruments are obtained by the Company.

The fair value determined at the grant date (fair value of the shares less the present value of future dividends estimated over the vesting period) is expensed, with the offsetting amount recognised as an increase in equity, over the vesting period. The amount expensed is adjusted to reflect the rights for which it is estimated that service conditions will be fulfilled, so that the amount ultimately recognised is based on the rights that actually meet service conditions at the acquisition date.

#### 1.12 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.13 Leases

When a contract is signed, the Company determines whether it is or contains a lease.

The contract is or contains a lease if it grants the right to use an identified asset for a period of time in return for payment. To assess whether or not a contract grants the right to control an identified asset throughout the asset's useful life, the Company examines whether: i) the contract involves use of an identified asset, ii) the Company has the right to enjoy almost all economic benefits from the use of the asset throughout its useful life, and iii) the Company has the right to make decisions concerning the use of the asset.

The Company recognises a "right-of-use" asset and a lease liability on the date the contract comes into effect. The "right-of-use asset" is initially measured at cost, i.e. the initial amount of the lease liability for any lease payments that have already been made at the commencement date, plus any initial direct costs incurred by the lessee, and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the site on which it is located, less any lease incentives received.

The right-of-use asset is then depreciated on a straight-line basis from the commencement of the lease term, unless the lease stipulates that ownership of the underlying asset shall be transferred to the Company when the lease expires, or the cost of the "right-of-use" asset takes into account the fact that the Company will exercise a purchase option. In that case, the "right-of-use" asset is depreciated over the useful life of the underlying asset, determined on the same basis as the useful life of property, plant and equipment. Additionally, the "right-of-use" asset is regularly written down if impairment losses occur and is adjusted for some remeasurements of the lease liability.

At the commencement date, the lease liability is measured at the present value of lease payments over the lease term that have not yet been paid at that date. The discount rate used is the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. The Company generally uses the latter as its discount rate.

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or to not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extend (or not terminated). The following factors are in general most relevant:

- If there are significant penalties to terminate (or not extend), the Company is typically reasonably certain to extend (or not terminate);
- if any leasehold improvements are expected to have a significant remaining value, the Company is typically reasonably certain to extend (or not terminate);

Otherwise, the Company considers all factors including historical lease durations and the cost and business disruption required to replace the leased asset. The lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under the residual value guarantee;
- The exercise price of a purchase option if the Company is reasonably certain to exercise that option; payments made during the renewal period if the Company is reasonably certain to extend the lease; and payments of penalties for terminating the lease, unless the Company is reasonably certain not to terminate the lease.

The lease liability is measured at amortised cost using the effective interest rate method. It is remeasured to reflect changes to future lease payments: from a change in an index or a rate; from a change in amounts the Company expects to be payable under the residual value guarantee; if the Company reassesses the likelihood that it will exercise the option to purchase the underlying asset or extend or terminate the lease; or if in-substance fixed lease payments are revised.

When the lease liability is remeasured, the carrying amount of the right-of-use asset is adjusted, or if the carrying amount of the right-of-use asset is reduced to zero, the remaining amount of the remeasurement is recognised in profit or loss.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)

### 1. Accounting policies (continued)

#### 1.14 Foreign exchange

Transactions in currencies other than euros are recorded at the rates of exchange prevailing at the dates of the transactions. At each reporting end date, monetary assets and liabilities that are denominated in foreign currencies are translated at the rates prevailing on the reporting end date. Gains and losses arising on translation in the period are included in profit or loss. Differences on exchange arising from the translation of the Company's undertakings between from the functional currency to the presentation currency at the year-end rates are recognised in other comprehensive income.

### 2 Judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

#### **Capitalisation of development costs**

Research costs are expensed as they are incurred.

Development costs are capitalised and recognised as intangible assets if and only if the costs can be reliably measured and the Company can demonstrate the technical and commercial feasibility of the product or process, its probable future economic benefits, its intention, and the availability of sufficient resources to complete development and use or sell the asset. If these conditions are not met, development costs are expensed as they are incurred. After initial recognition, development costs are recognised at cost less accumulated amortisation and impairment.

Management applied its judgment in order to determine whether the above-mentioned criteria were met for each development project. In particular, Management distinguished between significant upgrades of the XpertEye solution, for which development costs are capitalised, and minor updates and correction of bugs, for which costs are expensed. Also, management support that significant upgrades generate incremental economic benefits.

The main impairment indicators that can trigger an impairment test are problems of technical feasibility and lack of market opportunities.

#### **Impairment of intangible assets**

The Company tested intangible assets for impairment annually. The Company assessed 'recoverable amount' of the asset at 'the higher of its fair value less costs of disposal and its value in use.' The Company has applied the fair value less costs to disposal approach in assessing the recoverable amounts of intangible assets. The fair value has been based on an assessment of a multiple of revenues by comparing with comparable listed companies. Based upon the calculated recoverable amount management believe that the intangible assets are fully impaired.

#### **Impairment of investments**

The Company performs annual impairment reviews on the carrying value of investments. In 2020, the impairment review was based on the net present value of discounted cash flows over a five year period with a terminal cash flow in perpetuity. This requires an estimation of the future cash flows expected to arise for the investment and a suitable discount rate to calculate present value. See note 12 for the carrying value of investments. Since 2021, the impairment review is based on the book value valuation method. It involves calculating the net asset value of the subsidiary by subtracting its total liabilities from its total assets, as recorded on its financial statements.

## PARENT COMPANY NOTES TO THE FINANCIAL STATEMENTS (continued)
